ROBBERS BREAK INTO A BANK AT CHARDON, OHIO.

WATCHMAN'S BRAVE BATTLE

SHOT ONE OF THE ROBBERS BEFORE OVERPOWERED.

LESS THAN $200 SECURED

COULD NOT OPEN STRONG BOX CONTAINING $50,000.

Chardon, Ohio, April 4.—A gang of half a dozen robbers early today blew open the safe of the Citizens' Savings bank here, and after a desperate fight with Night Watchman Pomeroy and a citizen, succeeded in making their escape.

It is believed the robbers secured less than $200. The night watchman discovered the men at work in the bank. He was seized, bound and gagged, but not until he had shot one of the burglars.

Dr. Hudson, who lives near the bank, was aroused by the noise and came to the scene. He was soon seized and bound hand and foot. It required three big charges of dynamite to blow the safe door off. After completing their work the robbers left town on a handcar.

Early today two men were arrested at Willoughby upon the charge of being members of the gang which robbed the Chardon bank.

The robbers only succeeded in gaining entrance to one compartment of the big safe. In another part, which was not touched, nearly $50,000 was stored.

Pomeroy, the night watchman, is badly used up. After he shot one of the burglars he was unmercifully clubbed over the head. After being bound and gagged the watchman was dragged into the bank. He lay there, a witness to all the operations.

At each explosion the robbers retired to places of safety. Pomeroy lay in an exposed place and no attention was paid to him, except that one of the robbers, whose arm had evidently been broken by the shot from the night watchman's revolver, occasionally gave him a kick in the ribs as he passed.

The robbers were a long time getting into the vault. They gathered up the loose coin lying about and then went at the strong box. They exploded several charges, but could not force it.

After an investigation today Cashier C. L. Smith, of the bank, made this statement concerning the booty secured by the cracksmen:

"The robbers got $125 in gold, $20,000 in certificates held against the bank by individuals and $25,000 or $30,000 worth of mortgages and other securities belonging to individuals.

"None of the paper taken is negotiable. There was $30,000 in currency in an inner vault which they did not get. The books and records of the bank were not disturbed."

A posse of citizens is scouring the surrounding country for the robbers. It is believed that some coins found in possession of the two men arrested at Willoughby are a part of those taken from the bank. The men also had several sticks of dynamite in their pockets.

SEES SOME SURPRISES.

New York, April 4.—The Iron Age says: "The announcement of the organization of the United States Steel corporation has brought some surprises, notably as to the absence in the directory of a larger representation of the principal men in some of the constituent concerns. The scope of the new concern is now being enlarged, more particularly through the acquisition of additional ore properties. The Oliver Sixth, of the Oliver Iron Mining company, not controlled by the Carnegie Steel company, has been added; the Aragon, with a product of 400,000 tons, has been purchased, and an option has been secured on the Cleveland-Cliffs company, the most extensive and valuable of the outside concerns, with their transportation interests and their charcoal furnaces. It is a fact, too, that negotiations are pending for the purchase of some of the large steel plants which still linger in single glory. The iron markets are very strong throughout. The demand in every direction proves to be enormous and there is no doubt but it has, for the present at least, outrun the active capacity, great though it be. Pig iron for steel purposes for prompt delivery continues very scarce and billets are simply unobtainable for early shipment. Premiums are the rule, not alone for steel, but also for a large variety of finished products, and heavy orders are being placed."

GENERAL BOTHA'S LETTER.

London, April 4.—The letter of General Botha, the Boer commander-in-chief, to Lord Kitchener, commanding the British forces in South Africa, preliminary to the recent peace meeting, casually referred to in Lieutenant General Kitchener's report of the negotiations and from which the opponents of Colonial Secretary Chamberlain hoped to obtain some clew of the recent failure of the conferences, was published as a parliamentary paper this morning.

The letter is dated at the commandant general's camp February 13, and commences with a reference to "the verbal message from your excellency." Continuing, the letter says:

"I have the honor to inform your excellency that no one desires more than I do to bring this bloody strife to an end. I would also very much like to meet your excellency for the purpose of mutual discussion to see if it is not possible to discover terms under which this can be done."

The remainder of the letter of General Botha is of no importance. It merely suggests a place of meeting and arrangements for the guarantee of safe conduct.

COL. C. A. MUNSON VERY LOW

CHANGE FOR THE WORSE OCCURRED THIS MORNING.

Telegrams From Chicago During the Day Show Patient's Condition Extremely Critical.

Col. Charles A. Munson, who underwent an operation at Mercy hospital, Chicago, yesterday morning for obstruction of the bowels, is very low, and despite the efforts of skilled attendants and loving friends, it is feared he can not survive.

Colonel Munson stood the operation well, and last evening was reported as resting easily. At 9 o'clock this morning a telegram to Mrs. W. P. Cooper announced that the patient had suddenly taken a change for the worse and that the gravest results were feared.

Still more discouraging news came at noon in a message announcing that Colonel Munson was sinking rapidly, and physicians had abandoned hope. The last message, received at 2 o'clock this afternoon, said the physicians regarded his condition as no worse than at 8 o'clock this morning, but that the patient was very low indeed.

Dr. M. F. Porter, who returned from Chicago last evening, said this afternoon that the change for the worse in Mr. Munson's condition left little ground for hope of his recovery. "Mr. Munson stood the operation fairly well, considering the duration of his illness," said Dr. Porter, "and under favorable conditions he should have shown a substantial rally by this time."

Later—A telegram from W. P. P. Cooper says that Col. Charles A. Munson died this afternoon at 2:23.

LEAVES LEGISLATIVE SEAT

HON. GEORGE W. LOUTTIT SENDS HIS RESIGNATION.

Quits His Place as Representative to Make the Race for Municipal Judge.

Hon. George W. Louttit, nominated for municipal judge by the democratic city convention Wednesday evening, announced to a reporter for The Sentinel this morning that he would at once resign his place as a representative from Allen county to the state legislature.

This is done to make the race for the municipal judgeship, as under the laws of Indiana Mr. Louttit would be ineligible to hold two offices of trust and profit, and he desires to be entirely untrammeled in the contest for the place at the head of the police court as created by the recent legislature.

The resignation has been prepared and will be forwarded to Governor Durbin without delay, and Mr. Louttit will enter actively into the city campaign in the interest of the entire democratic ticket nominated last evening.

FORT WAYNE DEMOCRATS IN CONVENTION.

CITY TICKET IS NOMINATED

H. C. BERGHOFF NAMED FOR MAYOR.

A. M. SCHMIDT FOR CLERK

G. W. LOUTTIT WILL RUN FOR MUNICIPAL JUDGE.

It was a splendid assemblage of democratic citizens that congregated in the audience room in the court house Wednesday evening to formally ratify the election of Tuesday by placing in nomination a city ticket and selecting a candidate for police judge. The large assembly room was packed to the doors and every delegate was in his seat as the roll of wards was called. It was the most orderly and harmonious convention probably ever held in Fort Wayne. A more intelligent looking body of men could hardly have been selected. The interest manifested in the proceedings and speeches was great, which inspired Judge Zollars to remark at the close: "This is the hardest convention to adjourn I ever presided over in my life, so I guess I'll just have to adjourn it myself." The addresses were warmly applauded and great enthusiasm greeted the appearance of each successive speaker. It was 8 o'clock when Chairman Shambaugh called the convention to order and stated the object of the meeting. He congratulated the democratic party on its harmonious condition in Fort Wayne and the success of its cause in other cities where elections were held this week, and then announced that he would hear nominations for the position of permanent chairman of the convention. Capt. E. B. Smith named Hon. Allen Zollars and he was unanimously chosen.

JUDGE ZOLLAR'S ADDRESS.

In assuming the chair Judge Zollars said:

Gentlemen of the Convention I am really astonished at the attendance of democrats at this little city convention. I don't know whether you are all from Fort Wayne or whether some of you are from Toledo, Chicago, Cleveland or Columbus, but I think the size of this crowd indicates that you are going to do in May as they did in those cities yesterday.

We are to elect some of the executive officers of the city. I am glad to say that the good people of Fort Wayne still have the right to elect a few of their own officers. The duty before us is an important one, because Fort Wayne is a great city. Whatever others may say at home or abroad, I will say that no matter wherever I go, I am proud of Fort Wayne. No inland city in the country has grown better or more substantially than Fort Wayne. No city is more prosperous. No inland city has erected finer public buildings or built them at such a low expense. The city of Fort Wayne has a goodly people. No city has a more frugal, or more industrious, people. No city in the land has a people better fitted for self government

We are now to nominate some officers, and we expect to elect them, in view of the things that have transpired, by such a majority as has never been given to the ticket before. We want to show that we are able to govern ourselves without the aid of the governor, who knows little and cares little about us, or without the aid of the legislature, which knows less than the governor. We want to show that we are able to govern ourselves without the assistance of the members from the rural districts of Blackford or Lagrange counties.

A PLATFORM ADOPTED.

On motion of "Cully" Thieme, Frank J. Stone was selected secretary and after he was seated Captain Smith arose and said that it was customary for democratic conventions to adopt a platform at the beginning of a campaign, setting forth the principles of the party and guaranteeing to the people the preservation of their rights, as well as pledging the party to the party's good. In order to save time such a platform had been prepared and he believed the declaraton of principles it contained could be subscribed to by every democrat present. He therefore asked the secretary to read the resolutions, which he therewith submitted. After the reading of the resolutions, which were unanimously adopted, Mr. Smith, in response to the call from the chairman for nominations for mayor, in a few well chosen words placed in nomination Henry C. Berghoff, who, he said, was just the man for the poistion "and one with sufficient stamina and backbone to carry out the principles of the platform just read."

The nomination was seconded from a dozen quarters and on motion of J. G. Noll the nomination was made unanimous with a whoop, and loud calls for the nominee brought Mr. Berghoff to the front.

MR. BERGHOFF'S SPEECH.

In accepting the nomination he said:

I am thankful to you indeed for this unanimous endorsement of my candidacy for mayor, and I am sure that my humble person is not entitled to this generosity, but that it means a repudiation of the methods adopted by a few partisans to rob our people of a constitutional, local, self-government.

I am convinced without a doubt that the great majority of conservative, well-meaning republicans are in hearty sympathy with us and will cast their ballots accordingly. I cannot help but think that right and justice are with us and with this conviction we shall be prepared to enter this battle doubly fortified, first, because we are right, and secondly we believe that the general record of our present administration cannot be truthfully assailed.

I am ready to accept the honor of leading the ticket and defending the good name of our city against the slanders of a bunch of narrow-minded politicians who have had the audacity by brutal force to override the will of the people and rob us of our God-given rights to rule ourselves.

I was present at Indianapolis when four or five self-constituted bosses forced the legislature to adopt the charter amendments, and if there ever was a "Jekyl and Hyde" aggregation, this was one. With the air of outraged humanity, solemn faces, their eyes turned towards heaven, they asserted that unless this bill was passed, living in the infernal regions would be more preferable to them than to live in this lawless, immoral, misruled and machine-ruled city of Fort Wayne, that if they got into power we would have a city in which vice would be unknown and all the laws be enforced to the letter. The law was passed—but when they returned home, they dropped their mask and claimed that nobody was in danger of being hurt, they promised things should go along as heretofore—it was stated by them on every street corner—"Oh, we don't want any police commission that is radical—of course, we must have one good church member on the board, but we will see to it that the other two are liberal."

The honest, innocent, sweet-faced chairman, Hugh Keegan, was the only one who told the truth, when he said to a Sentinel reporter "We don't care as much for reform as we do for the offices."

I want to say right here to these representative bosses, remember this world despises a coward and a hypocrite.

I believe in an honest, reasonable enforcement of the laws. I believe in the extinguishment of vice and crime as far as possible, but I don't believe in playing the "devil and angel" to get into office

All I ask of you my democratic friends, and every honest voter—no matter to what party he belongs—is to lay aside all personal feeling and prejudice and vote at this election as his conscience dictates him to do and we will all be satisfied with the result.

I don't expect in this campaign a general attack upon the personal character of the different nominees—but I do expect the usual vilifying lying campaign from a few who are otherwise honest but cannot break partisan ties to tell the truth and who must resort to lies in order to produce some sensational arguments to keep in touch and harmony with their radical followers.

I have lived among you for thirty years. Most of you know me in person and have known me in private and business life, you have known me in politics, and all I ask of you is this. "Don't believe these accusations, may they be of a personal, political, religious or of any other nature unless positive proof comes to you with it. I am always ready to defend myself against an open enemy who has the manhood to accuse me face to face, but remember against the sneaking serpent of secret calumny, there is no weapon and the coward that uses it knows it.

It will be charged in this campaign that there is a city ring, a Tammany, a Croker and similar other trash. It makes me laugh to be compelled to listen to such nonsense Where is the ring? Have our opponents and accusers ever dared to nominate with an open ballot before a regular board of election as we did? Have they ever dared to give all members of their party a chance to vote at a primary election? Oh, no—if there is a ring, the gang claiming to be the republican bosses that passed the charter amendments are entitled to all the honors.

I expect to be accused of being in collusion with the liquor dealers because about fourteen years ago I committed the unpardonable crime in the eyes of some people to invest my money in a manufacturing enterprise that has given employment to scores of people and side by side with other enterprises has helped to build up our city. To put myself right and my accusers at rest upon this issue I want to say that for the last eight years I have not owned one dollar of stock in the Berghoff Brewing company, either in person or through anybody else—that I have not been connected therewith since that time in any other way either directly or indirectly and don't ever expect to be, but if I was, I would now consider myself as good a citizen as anybody else.

Well, my friends, I thank you once more. Let us go into this fight thoroughly united, let us ask every fair-minded citizen to vote with us, and let the majority decide whether they want to indorse or repudiate the methods of a few politicians who profess to be bosses, but are afraid to accept a nomination from their own party upon an issue and platform created and constructed by them, knowing well that if they did they would be buried under an avalanche of indignant votes so deep that no trumpet could ever awaken them. One more word—it will be charged and has already been charged that I have entered into combinations and made promises of positions in order to be nominated or elected I want to repeat here once more that this is a malicious falsehood. I have not nor shall I make any promises of positions to anybody and rather than have my hands tied by promises after election, I would refuse this nomination I want to be absolutely free to do as I think right after election. If you can trust me to that, I accept the nomination, otherwise not. The only promise that I will make, however, is this, that believing in the principles laid down in our platform I shall try with all my power at may command to carry them out and give our people a fair and impartial administration.

THE CLERKSHIP.

At the conclusion of Mr. Berghoff's address Chairman Zollars said that everybody knew that Mr. Berghoff was a big man physically and the audience now had evidence that he was also a big man mentally—big in courage and big in honesty and honor. "Now, if you have any more big men," continued the judge, "bring them on." Nominations for clerk were declared in order and Thomas J. McLaughlin, of the Seventh ward, placed in nomination August M. Schmidt, whose nomination, on motion, was also made unanimous, and amid calls for the other big man, Mr. Schmidt's towering form was seen making its way toward the platform. Mr. Schmidt briefly thanked the convention for the honor it had bestowed upon him and said that in accepting the nomination he was fully aware of the responsibilities which went with the office, but that if elected he would

THE RICE MURDER

TRIAL OF LAWYER PATRICK PROCEEDS.

JONES STILL UNDER FIRE

SELF-CONFESSED MURDERER CROSS-EXAMINED.

DECEIVED HIS OWN LAWYER

JUSTICE JEROME PROTECTS WITNESS FROM INSULT.

New York, April 4.—The proceedings against Albert T. Patrick, the lawyer who is accused of causing the death of William Marsh Rice, to obtain his property, was resumed today.

Before the proceedings began the representatives of the prosecution and defense discussed a proposition to adjourn today until next Tuesday morning.

Assistant District Attorney Osborne said:

"We don't want an adjournment unless the defense will waive further examination."

"Well," said Justice Jerome, "as yet nothing has been shown to prove that Patrick is guilty of murder except the uncorroborated testimony of an acknowledged accomplice. There must be corroboration of Jones' statements in order to hold Patrick on a murder charge and I will not accept a waiver at the present time from either side."

The cross-examination of Charles F. Jones was then taken up.

Mr. Moore tried to draw from the witness an admission that Captain Baker, on his first visit to Jones in the hospital, had suggested that the latter employ counsel.

"I do not think he did," witness answered.

Mr. Moore objected to the qualification with which almost all of the answers of witness were prefaced.

"Give me a responsible answer. Did you ask Captain Baker, in substance, to get you another lawyer?" asked Mr. Moore.

"I asked him to send me some member of the Weeks & Battle firm, yes."

Witness said Mr. Battle called on him at the hospital three times. On his second visit, witness said, Mr. Battle was accompanied by his (witness') father, who lived near Houston, Texas.

Witness said he did not do any writing at the time, but had a conversation with his father about family affairs.

"I felt bad," said Jones, "and my father was very much distressed. I referred my father to Mr. Battle for anything regarding the Rice case."

"Did you expect him to tell your father all in regard to the murder of your benefactor, that you had told him?"

Jones said that he had thought that was the understanding.

"Had you told Mr. Battle the same story about the murder as you told Mr. Osborne on October 28th?" asked Mr. Moore.

"Yes, I had."

"Then," said Mr. Moore, "on that evening you were quite determined to deceive your own father; you were willing that he should be told a lie?"

Witness did not reply.

Mr. Moore insisted that a direct answer be given and Justice Jerome finally put the question to witness himself.

"Were you willing to deceive your father?"

"I was on that occasion," witness replied.

"When you made your first statement to Mr. Osborne, did he not tell you that you lied?"

"To the best of my recollection, he said that I had made a fictitious statement and that it could not be corroborated."

"Did not Mr. Osborne say you would be punished if you did not tell the truth?"

"I think not."

Mr. Moore next brought out the letters which were written by Jones before he tried to cut his throat and which were left in his cell when he was taken to Bellevue.

Witness said they were returned to him there by a man he did not know. He could not identify the man. Jones said it was true that in the statement of his own case which he had made to his counsel he had told a falsehood, in stating that Patrick had killed Rice.

"You deceived even your own lawyer?" asked Mr. Moore.

At this point Justice Jerome interfered, saying:

"This witness is a weak, wicked and unfortunate man. He is a self-confessed murderer and deserves contempt, but I won't allow you to insult him."

Lawyer Moore said:

"Here is a solemn statement about a cold-blooded murder. My client is directly concerned and I am not asking too much in demanding that it shall go on the record that it is a falsehood."

Justice Jerome then allowed the question and Jones said he had deceived his attorney.

A statement made by Jones to his present counsel, Mr. Battle, was read.

Melville Dalberg, of Patrick's counsel, began the reading of the paper, but had some difficulty in deciphering it, and Patrick took up the reading and finished it.

This is the first time that Patrick's voice has been heard in court. In the statement Jones alleged that Patrick killed Rice.

WARD IS ADJUTANT GENERAL

YOUNG MONTICELLO ATTORNEY SUCCEEDS GENERAL GORE.

Ed M. Wilson Named as Trustee of the School for Feeble-Minded —Other Appointments.

[Special to The Sentinel.]

Indianapolis, April 4.—Governor Durbin today appointed John Ward, of Monticello, as adjutant general of Indiana, succeeding Gen. James K. Gore. Ward is a young attorney, and during the Spanish-American war was a member of Governor Durbin's regiment. The name of Col. C. B. Oakley, of Fort Wayne, Governor Durbin's old commander during the civil war, had been frequently mentioned as a possibility for the place of adjutant general.

Other appointments just made by the governor include trustees for several of the charitable and benevolent institutions of the state, and metropolitan police commissioners for Vincennes.

Upon the board of trustees for the school for feeble-minded at Fort Wayne, Mrs. Mary R. Harper, republican, of Fort Wayne, is reappointed. Edward M. Wilson, democrat, of Fort Wayne, is named to succeed E. A. K. Hackett, democrat, also of that city.

Upon the board of control of the Indiana State Soldiers' home at Lafayette Capt. A. M. Scott, republican, Ladoga, is appointed to succeed Col. David N. Foster, of Fort Wayne; and Capt. L. Fulweiler, democrat, of Peru, succeeds C. J. Murphy, of Evansville. Captain Scott is a banker and has twice served in the legislature. Captain Fulweiler is a prominent Peru business man.

Vincennes metropolitan police commissioners appointed are D. L. Ronner, republican; Dr. C. S. Beard, republican, and Dexter Gardner, democrat.

The board of the Indiana Woman's prison has re-elected Miss Sarah Keeley superintendent. Miss Anna Dunlap, secretary of the institution, who testified against Miss Keeley before the legislative committee, was dismissed.

E. E. York has been elected superintendent of the Plainfield reform school. York has been a clerk at the institution.

COMMITTEES APPOINTED.

A. L. Randall, of the Bicycle Dealers' association, has appointed the following committees for the races to be held on Decoration day at the Driving park: Finance, F. M. Smith, Jesse Brosius, A. B. Himes; arrangements, Harry Meyer, H. G. Hohlinger, Harry Tarmon; track, Elmer Wilkinson, F. M. Smith, Mr. Kaiser; prizes, A. L. Randall, Walter Rosenwinkle and H. G. Kohlinger. The road race will be started from the grand stand at the park, and will be seven miles and return. While this race is in progress there will be races on the track in which ordinary bicycles, motor cycles and automobiles will take part. About $500 in cash prizes will be given, and riders from the surrounding states will complete. Marion Black, of Buffalo, will be handicapper.

TEXAS OIL WELL ON FIRE.

Beaumont, Texas, April 4.—A disastrous fire is in progress in the oil fields. Heywood's well struck a heavy flow of gas last night and it caught fire from a torch in the hands of a workman. The flame shot in the air high above the derrick and continues to burn. The derrick was destroyed and all the machinery greatly damaged. An attempt is being made to extinguish the fire. This well is 154 feet from the Hamill well, which developed the same gas feature a few days ago. Water, mud and rock are shooting out of the pipe sixty feet high and contact with the flames makes a cloud of steam.

APPEAL FOR PEACE

AGUINALDO IS PREPARING A MANIFESTO.

DESIRES TO END THE WAR

WILL URGE ACCEPTANCE OF AMERICAN SOVEREIGNTY.

IS NOT COMING TO AMERICA

SECRETARY ROOT DENIES THE STATEMENT.

Manila, April 4.—Aguinaldo has the assurance of Chief Justice Arellano and of Mr. Fisher, General MacArthur's private secretary, in preparing his manifesto. The work is not completed and the tenor of the contents is not divulged.

Chief Justice Arellano had a long conference with Aguinaldo. He says Aguinaldo is realizing the futility of further resistance and is desirous of sparing Filipinos additional distress, trusting to the justice and generosity of the American people. The chief of the revolution will urge the insurgents to cease fighting and accept American sovereignty.

AGUINALDO NOT COMING.

Washington, April 4.—The president and Secretary Hay were in conference for almost an hour this morning. Secretary Root was present a portion of the time. The subject of the consultation was not disclosed, although it was surmised that it related to the Chinese situation.

Secretary Hay stated that the government had no official advices confirming the press reports that China had definitely refused to sign the Manchurian agreement with Russia. Secretary Root pronounced the stories that Aguinaldo had been invited to come, or that he was coming, to the United States in the immediate future, to be baseless.

After the secretary of state and the secretary of war had departed Lord Pauncefote, the British ambassador, called at the white house and was received by the president in the blue parlor.

The official explanation of the British ambassador's visit, given out at the white house, was that he called to present the acknowledgment of the British government for the expression of condolence on the death of Queen Victoria.

WORK WILL BEGIN AT ONCE

SEVERAL IMPROVEMENTS FOR HOPE HOSPITAL.

New Electric Elevator and Improved Kitchen Facilities—Another Class of Nurses.

President S. M. Foster and the board of trustees, together with the woman's committee of Hope hospital, held a meeting at the institution Wednesday afternoon to decide upon a number of improvements which have been in contemplation for some time.

It was decided to proceed at once to install a new electric passenger elevator of the latest model, the car to be 5x8 feet in dimensions and equipped with complete safety devices. This improvement will cost in the neighborhood of $1,000, and the funds to pay the bills are practically on hand at this time. The work of installing the elevator will be commenced next week.

Among other improvements to be made at once will be the enlargement of kitchen facilities, and a part of the basement is to be laid in tile flooring. Still other improvements are to be made as rapidly as the condition of the hospital teasury will warrant the outlay.

Another class of four nurses is just entering the training school, to replace the class that will complete the two years' course and be graduated within a short time.

SERIOUS RIOTS IN PARA.

New York, April 4.—A dispatch to the Herald from Rio Janeiro says: Serious riots are reported from Para as a result of friction between the political parties. Fighting in the streets became so severe that the police were compelled to ask for the aid of soldiers. The garrison was ordered out and finally the soldiers were compelled to fire upon the mobs in the streets. As a result five persons were killed and many wounded.

MUNICIPAL LEADERSHIP.

The chair then stated that it had been decided to place in nomination a man for municipal judge, the new office created by the legislature, and one which the legislature had also generously arranged to fill, but which the people would undertake to do for it. It was expected that there would be a contest for the honor, but there was none and the nomination was made in the same way as the other two. Mr. McLaughlin placed in nomination George W. Louttit, who, he said, had proven himself an able representative and an earnest champion of the city in all its rights The nomination was also made unanimous and Mr. Louttit, also a six-footer, was called on for an address. He spoke with much spirit and after thanking the convention for the confidence reposed in him, briefly reviewed the fight in the legislature on the charter amendments. In concluding, he said:

"This city was shamefully slandered by some of our own citizens before the committees, and you as citizens, owe it to the city you love to put your shoulders to the wheel and rebuke the attempt to rob you of the right to govern yourselves. If I have made any mistakes in the legislature, they were not intentional. I did the best I could to uphold the rights and liberties of the people. I did all I could by my vote and influence to preserve to the people the religious and other rights handed down to them by their forefathers, and I promise to do all in the future that lies in my power to preserve these rights."

The chairman arose and said that the convention had acquitted itself nobly and he could see in the faces of the democrats before him the earnest determination to elect the city ticket by such a majority as would stand forever as a rebuke to the charter-tinkers who had slandered the city in the state's legislative halls. He then declared adjournment in order, but the delegates would not have it that way, and loud calls for Mr. Scherer soon brought the mayor to his feet. He complimented the conventino on having nominated the strongest ticket the city has had for years, which was a very gracious thing for his honor to say. He thanked the democracy for the honors it had bestowed on him in the past and closed by saying that though the last legislature "hadn't done a thing to him," he was still a loyal citizen and he was thankful that the Indianapolis statesmen had not legislated him out of his citizenship, as he hoped to remain in Fort Wayne as long as he lived. It was then announced that Mason Long, a life-long republican, had a few words to say, and the gentleman was given a courteous hearing. He said he had lived in Fort Wayne for thirty-six years and had always voted the republican ticket, but he wanted to congratulate the convention on having nominated the strongest ticket in the history of the city and one which he predicted would sweep Fort Wayne like a cyclone. And still the convention wanted to hear more and Chairman Shambaugh was forced to respond, and he was followed by Congressman Robinson, who expiated on the grandeur of home rule. The convention then formally adopted the rooster and circle as the official emblem of the party and adjournment was finally taken.

HENRY C. BERGHOFF.

Hon. Henry C. Berghoff, the democratic nominee for mayor, was born at Dortmund, Westphalis, Germany, January 6, 1856, and in boyhood received the best educational advantages then available. Graduating from the high school in his native town, the young man began his business career in the office of a large mercantile institution, acquiring here the foundation for the splendid executive abilities which have characterized his subsequent life. Later at Cologne, Mr. Berghoff occupied positions of trust in one of the largest banking institutions in Germany.

Coming to America in 1873 he located in Pittsburg, but a year later removed to Fort Wayne, where nearly thirty years of citizenship have won for him an honorable position in business, in public and in private life. For a year after coming to the city Mr. Berghoff was employed as an insurance solicitor for the S. C. Lumbard agency, and then took a position as bookkeeper for the A. C. Trentman wholesale grocery house, remaining from 1875 to 1881, when he took the local agency for the Moorlein Brewing company, of Cincinnati. Two years later, in 1883, Mr. Berghoff was elected city treasurer, a position which he filled acceptably for five years.

At the expiration of his third term in office Mr. Berghoff organized the Berghoff Brewing company, managing the large institution until 1892, when he became a candidate for treasurer of state, and made an aggressive though unsuccessful campaign for the nomination, which was captured by Albert Gall, of Indianapolis. Dropping out of politics for a time, Mr. Berghoff associated himself with Aaron Rothschild and built the artificial ice plant, now owned by C. R. Higgins. At the expiration of one year he traded his interest in the ice plant for a controlling interest in the Crescent Paper company, at Hartford City. He was made manager, rebuilt and improved the mill, which had been burned, and managed it with signal success for two years. He then returned to the city, sold out his interest in the paper mill and purchased the old Monning flouring mill, on East Columbia street. He sold the mill to H. W. Weigman in May, 1896, upon being appointed ity comptroller by Mayor Scherer.

SPLENDID PUBLIC RECORD.

During three terms as city treasurer and two terms as city comptroller Mr. Berghoff has established a record against which even his political opponents have no word of criticism to offer. He is thorough, careful, far-sighted, conservative yet vigorous, and as a financier has few equals in this city. His administration of the public funds of the city has been unquestionably satisfactory in every particular and so well was this recognized that on two occasions when he was nominated for treasurer the republicans endorsed his nomination.

In 1896, when Mr. Berghoff was appointed omptroller, the tax levy was $1.15. Recognizing Mr. Berghoff's capacity as a financier, the administration gave into his hands the full management of the finance department, and the mayor's confidence in the comptroller has always been shared by the city council and the executive boards. As a result, the tax levy was cut down to ninety-five cents, without curtailing the city's progress in a single respect. In fact, an era of unprecedented improvement set in at the very time when Mr. Berghoff began to plan to lower the levy, and while improvements continued, the levy kept going down. Since he went into office the city has built, equipped, manned and maintained three new engine houses; has built ten miles of paved streets, and many miles of alleys, sidewalks and minor improvements; has almost completed a system of main sewerage costing nearly $300,000, and miles of lateral sewers and drains. Parks have been improved immeasurably, and over and above all this, the city has paid off $75,000 of its indebtedness and refunded $360,000 of interest-bearing bonds, at a reduction of 6 to 3½ per cent., and the sum of $30,000 has been laid away for a municipal electric lighting plant.

Mr. Berghoff favors municipal ownership of all public utilities; he believes the city should own all public franchises, but recognizes that conservative methods must be used in bringing about these conditions. He is opposed to burdensome indebtedness, public or private, and holds that revenues for the purchase of public utilities should be provided year by year, and not by placing a burdensome load upon the shoulders of one generation. His views upon all public questions are sound and practical, and his splendid business qualifications guide him in the transaction of all public affairs. Person-

HOW TO ECONOMIZE.

SOME men economize so closely on the number of words in a telegram that the receiver can not understand it. This is not sensible economy. Neither is it sensible economy to ruin garments of value with cheap soap or powerful chemicals that eat into the fabric. True economy uses Ivory Soap in the laundry. It is the most of pure soap that can be sold for the money. Chemically it is as innocent as water. Yet it does everything you can ask of a soap. Try it!

GAVE A RECITAL.

The pupils of Mrs. Jennie Ray Grimsby gave a recital in Kimball hall last evening, the program consisting of exercises and a number of readings, and the affair was a most pleasant one in every way. The program consisted of the following: "The Value of the Union," Miss Gertrude Schrader; "Conscious Power," Mr. DeHaven; "One Century's Achievements," Miss Ada Thomas; "First Battles of the Revolution," Mr. Fay Randall; "Paul Revere's Ride," Mr. Maurice Niezer; "Regulus to the Roman Senate," Mr. Burris; "A Message to Garcia," Mrs. DeHaven; "Victor Hugo on the Death Penalty," Mr. Remmert; "Eulogy on Daniel Webster," Mr. O'Brien; "Supposed Speech of John Adams," Dr. E. J. McOscar.

IN DEAD EARNEST.

(Peru Republican.)

A. N. Dukes says that the Dietrich syndicate is in dead earnest in building the towpath road from Lafayette to Fort Wayne. They now own gas plants at all the Wabash river county seats and intend to tap the coal fields of Fountain county to supply all their gas towns with cheap fuel when the gas gives out, which is only a question of a short time. They have a new process of manufacturing fuel gas from coal slack which is nearly as cheap as natural gas, and as their mains are already laid they will utilize them in distributing the coal gas.

AN IDEAL OFFICER.

(Columbia City Post.)

Hon. Henry C. Berghoff will be the next mayor of Fort Wayne. He is the unanimous choice of the democrats for the place. The republicans have no hope of defeating him, realizing as they do that the act of the last legislature, depriving the citizens of that city of the right of self-government, has damaged their party prospects to a very great extent. Besides they know that Mr. Berghoff will make an ideal officer.

The nineteenth annual meeting of the Northern Indiana Teachers' association opened this afternoon at Anderson. About all the teachers in the city schools are in attendance at the sessions, which will continue until Saturday.

"SO DROWSY."

When True Natural Sleep Comes.

Actual changes take place in the little corpuscles of the blood and these changes are brought about by change in our habits. For instance, the coffee habit is said to produce a thickened condition of the blood, that is, under the microscope the little round corpuscles show apparent fibres, an unnatural condition, which makes trouble with the heart in cases of coffee poisoning. It also affects the complexion, frequently bringing on heart disease in some cases and stomach and bowel troubles are common with coffee drinkers.

"Coffee treated me very badly, indeed. I got so I could not have a good night's rest and had not for five years. My eyes and complexion were duller than my mother's, who was also a great coffee drinker.

"Physicians told me I had acute kidney and bladder trouble. I was nervous almost to the verge of hysteria, and my memory failed me. I had grown so thin I was little more than a shadow and people were continually asking me how much younger my husband was than myself. (So comforting to a woman, you know.) In truth, he is five years my senior.

"Well, as a forlorn hope I left off coffee and took up Postum Food Coffee about a year ago. I soon became so sleepy that I could scarcely stay awake long enough to take care of my baby. I did not realize that I was sleeping naturally and making up for lost time. Finally I got pretty well 'slept up,' the drowsiness disappeared and I felt a decided improvement in health. In 3 or 4 weeks I was quite well and only needed to regain my flesh and complexion. I waited very patiently for an improvement in those conditions, but it was about 5 months before I was rewarded; then an almost instantaneous change took place and my complexion became clear and rosy. I gained in weight quickly and friends and neighbors commented on the remarkable change.

"I have been constantly growing better and now am feeling in finer condition than ever before in my life, and I can surely say that I owe it all to leaving off coffee and using Postum Food Coffee.

"My sixteen year old sister, like myself, drank coffee from a child. For the last four years she was able to go to school only a part of the time and the doctor said she should not study at all. I induced her to quit coffee and now her bright eyes and fresh, fair complexion show the result."

It will be noticed that it took some months before this woman secured the result she wanted in the matter of complexion and flesh. The change from coffee produces a change in this particular within a month usually, but it is evident, in her case, that it required time to change the corpuscles of the blood, and that when that change was made the recovery was very rapid.

HENRY C. BERGHOFF.

n making Mr. Henry C. Berghoff candidate for mayor we believe ne democratic party presents to the ople of Fort Wayne a man who ay be trusted with the affairs of ne city's government. We believe is a candidate who possesses such ualities as will invite the genuine pproval and earnest support of any citizens who are not of his poitical party. We believe he is a ndidate upon whom democrats may fidently rely to add to the good epute of the party, raise its prestige enlarge its civic usefulness. We elieve that he will make a hardrking, painstaking, conscientious, nsible and progressive mayor. We leve he will uphold the laws and minister the affairs of the city's overnment for the largest welfare the people and the good name of ne community.

he democratic party has never sented a mayoralty candidate who better equipped at all points for duties of that high office than . Berghoff. He has had large exience in municipal affairs, he is gularly clear-headed and practical the business concerns of city government and to an eminent degree a man of vigorous executive character. He will administer the government of Fort Wayne intelligently, progressively and economically. His mind is highly trained to the grasp and direction of financial matters, a qualification that has been wanting in most of the men who in later years have served the city in the chief executive office.

In personal character Mr. Berghoff is without reproach. He is honest and strikingly courageous. He is independent without being arrogant and while not the sort of man who thinks himself superior to advice he cannot be bossed or controlled by any man or any element.

How far it will fall within his province to enforce the laws that regulate public order cannot be stated until the fate in the courts of the charter amendments is known, but if it falls out that he is charged with administration of those laws we believe he will perform his duties with courage and firmness.

Mr. Berghoff will make a good mayor and we feel sure that under his administration the city will prosper, progress and achieve a good repute as a law-abiding and well-governed city.

THE PLATFORM.

The platform adopted by the democracy of Fort Wayne makes the principles involved in the charter amendments the "paramount issue," if vigor and length of treatment may serve as a criterion. No one who is a good American citizen will gainsay that the right to enjoy home-rule is vital to the preservation of our institutions. The best argument that future democratic administrations in this city can put forth on that matter is to prove that the city gains all and suffers none by the enjoyment of home-rule. We believe the democratic party of Fort Wayne will henceforth insist that the men it elects to office shall be mindful of and obedient to their oaths to uphold the law and serve the people as common sense as well as conscience dictates. The platform sets out some high principles of self-government that can be conserved only by coupling with devotion to them the duties those principles impose.

The plank on enforcement of the laws says:

"We believe in and pledge ourselves to administer the government in a manner that shall at all times secure such an enforcement of and obedience to the laws of the state and the ordinances of the city as will conserve the good order of society, the security of property, the safety of life and the preservation of public morals."

That may mean much or little. It depends on the man who is charged with carrying out the pledge. It may be narrowed to nothing or amplified to a policy that comprehends the whole duty of an official charged with enforcement of the laws. We have confidence that if Mr. Berghoff is clothed with authority to enforce the laws he will place the right kind of a construction on that section of the platform.

On three other questions the party takes good ground. It favors a municipal lighting plant, and the regulation of street franchise grants in such manner as shall safeguard the interests of the people without antagonizing the just rights of traction corporations. The pledge to encourage interurban electric roads is highly important, and a wise policy founded on that declaration will mean much to the city.

The platform in all essential particulars is good, but—the value of its observations depends, as Captain Bunsby would say, "on the application of them."

HAVE IMPORTANT MATTERS

BOARD OF WORKS TO MEET THIS EVENING.

Will Pass a Resolution for the Paving of Hanna Street—Tunnel Matter Scheduled.

The board of works will meet in regular session this evening and among other things a resolution will be passed for paving Hanna street, from Wayne street to Creighton avenue. This will be the largest single job of paving to be done this year and the board wants to get an early start on it. The street will be paved to different widths according to the demands of traffic at various points. Another matter set for tonight is the Harrison street tunnel matter. The Wabash officials have not been heard from since their visit two weeks ago and it is not known what kind of a proposition they will have to make at tonight's meeting. Meantime City Attorney Shambaugh has looked up the law on all the disputed points and will hold that the city can order the improvement at once and that the Wabash grounds of contention will not stand in court. Meantime no conjecture can be made at this time of the proable action of the board, as the company may be ready with a compromise. The city will agree to anything reasonable to avoid litigation, but it has been decided that the street in any event must be opened.

ABOUT THE CITY HALL.

Work on the intercepter was resumed all along the line again last night, the water in the river having subsided sufficiently to allow the placing of gangs in the different shifts.

The superintendent of asphalt street repairs reported to the board of works that the work of repairing Calhoun street would be commenced within ten days. The company's representatives were in the city yesterday and went all over the line of the street and found the general condition much better than was expected. When the present breaks are repaired and a few other spots are gone over the experts believe the pavement will be as good as any in the city. It is, of course, understood that all repairs during the next eight years must be made as the board directs and without a cent of cost to the city.

A case of scarlet fever has been reported at No. 50 East Creighton avenue.

Building permits have been issued to Phil H. Wyss to erect a frame house on Force street to cost $600, another one on the same street to cost $400, and one on St. Martin street to cost $600; to J. C. Miller to erect an addition on Runion avenue at a cost of $400.

The annual reports of the city departments have been printed and are now being distributed.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

BUFFALO BILL COMING.

Lake Shore and Pennsylvania local officials have received instructions to prepare to handle the Buffalo Bill Wild West show in June. It will come in here over the Lake Shore, give an exhibition June 12, and leave on the night of that date for the west over the Pittsburg road.

ABOUT THE COURT HOUSE.

In the superior court David Leininger and five other of his brothers and sisters have commenced suit against Jennie and Theodosia Leininger and John D. Alleger, to set aside the will of Theobald Leininger, deceased. The decedent lived in Jackson township and owned several farms in the vicinity, besides having moneys, notes and other personal property. In his will he bequeathed all his property and cash to his daughter, Theodosia, and his wife, Jennie, naming John D. Alleger as his executor. The other children, plaintiffs in the suit, were cut off with a bequest of $5 in cash each. It is to set aside this will, which they claim in unjust and was produced by undue influence, that the suit is brought.

Mary E. Johnson has commenced suit against Richard M. Johnson for divorce. The suit is filed in the superior court.

The county commissioners last evening appointed the following road superintendents, to conform to the road law as amended by the last legislature:

Third District, by C. E. Orff—Holmes road, 7½ miles long; Leesburg road, 6 miles, Henry Beerman, superintendent. Romy road, 2¾ miles; Huntington and Liberty Mills road, 12 miles, Jesse Crouse, superintendent. Decatur road, 12¼ miles, Christian Kleeber, superintendent. Simons road, 2¼ miles; Bluffton road, 7 miles, Christian Korte, superintendent.

Second District, by M. L. Moudy—Maysville road, 6 miles; Maumee road, 7½ miles, John Goeglein, superintendent. Hicksville road, 5½ miles, H. Berning, superintendent. Auburn road, 3 3-5 miles; Leo road, 7 miles, Joseph Tonkel, superitendent. Lima road, 10½ miles, Florentine Roy, superintendent. Goshen road, 12 miles, Henry Fortmeyer, superintendent.

First District, by August Schnitker—Van Wert road, 9 miles; Hoffman road, 1 mile, August Pepe, superintendent. New Haven road, 3¾ miles; Fort Wayne and New Haven, 4½ miles; Wayne Trace, 3½ miles, Christian Schlaudroff, superintendent. Parent road, 7½ miles; Stellhorn road, 2⅞ miles, Henry Stellhorn, superintendent. Jones road, 3¼ miles; East Liberty road, 4¼ miles; Hoffman road, 1 mile; Peters road, 2 miles; Flat Rock road, 1¼ miles, Jasper W. Jones, superintendent.

In the case of Mygrants vs. the Fort Wayne Traction company an examination of the defendant was ordered for April 10.

In the case of Harrison vs. Kaough a motion for a new trial was overruled.

In the circuit court Judge O'Rourke granted a new trial in the case of Ryan vs. the Phoenix Accident and Sick Benefit association.

A. C. Neirman, elevator man, has been off duty on account of illness since Monday.

The case of Isora Logan vs. Willis Doolittle for damages has been dismissed in the circuit court.

In the superior court the cases of Rosseau vs. Vaught and Rose vs. Poorman have been dismissed.

The case of Schlatter vs. Miller has been set for trial April 12 by Judge Aiken.

Louis Brames was this morning given a judgment against William Hoch for $116.23.

In the case of Watson vs. Henderson Judge Aiken this morning issued a decree quieting title.

Judge Adair, of Whitley county, is sitting as special judge in the superior court in the cases of Grice vs. the United States Mortgage and Loan company and Trentman vs. Trentman.

John Belot today resumed his desk in the county clerk's office for the first time since the death of his wife.

The county commissioners today occupied their newly decorated room. The quarters are among the neatest and in every way the nicest in the magnificent building. The attention of the board was today occupied by road matters, the McCormick road in Eel River township and the Surface road in Perry township being up for consideration. Against the latter there is a remonstrance, but nothing was done in regard to either up to the time of The Sentinel going to press today.

THE SITUATION IS UNCHANGED

STRIKERS ARE DETERMINED TO HOLD OUT.

Decline to Accept Scale Submitted by Bosses—Little Prospect of Settlement.

The striking paper hangers and painters have unanimously refused to accept the scale conceded by the bosses, which was submitted through the mails yesterday, and the strike situation is practically the same. Settlement seems far off, as both sides have taken a decided stand and the contracting painters and paper hangers have announced that they will make no more concessions. The bosses claim that by complying with the demands of the strikers they would be obliged to pay the same rate to good workmen and poor workmen alike, and this they positively decline to do. The contractors state that they are perfectly willing to pay the paper hangers by the roll instead of by the hour, and in this way remunerate a man according to his ability, but they will not pay a poor workman good wages.

The strikers say they have received every encouragement in their course and they claim that there are less than twenty men working in the city who are eligible to membership in the Painters' and Paperhangers' union. Committees from the union visited a number of places where painters or paperhangers are working, yesterday, and induced a number to join their ranks. They say they are determined to hold out until the bosses sign the scale promulgated by the union and that they will decline to consider any other proposition.

BOOKED MANY ATTRACTIONS

FOR THE ELKS' BIG CIRCUS IN JUNE.

Manager Rankin Says the Show Will Make the Professional Concerns Appear Frazzled.

R. O. Rankin, who is general manager of the big circus of the Elks to be given in Fort Wayne in June, returned last evening from Chicago, where he saw and arranged for the reproduction in this city of several sensational aerial novelties, and booked a lot of excellent concert talent for the Elks' exhibition.

Four regular circus tents were contracted for, and they will cover about two acres of ground, with seats for 4,000 people. One thousand of these are reserved seat style elaborately upholstered. Manager Rankin is positive in his opinion that the Elks' show will make the professional exhibitions appear extremely diminutive.

AWARDED COAL CONTRACT.

Omega Oil

What It Looks Like

Here is a picture that shows how Omega Oil looks in the drug store. The wrapper on the outside of the bottle is always printed in green ink. The trade mark is a leaf, as the picture shows, with these words upon it: "Omega Oil. It's Green." Down near the bottom is the written signature of Higinio Espinosa, which is a guarantee that the contents of the bottle are genuine. Never under any circumstances buy a liniment unless this trade mark and name are on the wrapper. Never patronize a druggist who tries to sell you something else when you ask for Omega Oil. Beware of any other oil gotten up to deceive you. Always trade at stores where they give you what you ask for. Omega Oil stops all pains in the back, shoulders, arms, elbows, wrists, legs, knees, ankles and feet. It is good for everything a liniment ought to be good for. Rub it in good and hard, and the pains will go away quickly.

All druggists sell Omega Oil, or can get it for you of any jobber if they want to. If your druggist refuses to sell you this liniment that stops pain, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, for 50c. in cash, money order or stamps. 740

BERGHOFF LEADS

(Continued From Second Page.)

ally, Mr. Berghoff is warm-hearted and loyal to his friends, staunchly defending men and measures which he believes to be just.

It would be superfluous to say that Henry Berghoff is an honest man. His record is too well known to make comment necessary. In all his years of service, in charge of the public funds, not the remotest question has ever been raised as to his probity of character. More than that, not a question has ever been raised as to the wisdom of any one of his official acts. His honor, his ability nor his wisdom have never been questioned.

AUGUST M. SCHMIDT.

August M. Schmidt possesses to an admirable degree the qualifications requisite for a competent administration of the office of city clerk. And the duties of this office are both arduous and complicated.

Mr. Schmidt was born in Baltimore, August 8, 1860. Two years later the family removed to LaCrosse, Wis., and shortly after to Decorah, Iowa. After several years they again removed to St. Louis, where Mr. Schmidt received his early education, and in 1875, at the age of 15, he was sent to Concordia college, in this city to complete his studies. In 1880 Mr. Schmidt was graduated with high honors, and at once took a position with the hardware firm of Prescott Bros., then located at Clinton and Columbia streets.

After one year Mr. Schmidt entered the service of the Wabash railway as freight clerk, and his rise in railway circles was rapid. In 1882, upon the resignation of Capt. H. M. Diehl as special detective, Mr. Schmidt was appointed to that position. Early in 1884 he was made night yardmaster, and a few months later was made general yardmaster, holding that position until 1895, when he embarked in the insurance business. In May, 1896, Mr. Schmidt was appointed clerk of the municipal boards, holding that position until the adoption of the charter amendments legislated him out of office.

There can be no doubt of the fitness of Mr. Schmidt for the office to which he has been nominated. He is a thorough accountant and is fully acquainted with the detail of the work of the position. In his capacity as clerk of the boards he has demonstrated that judgment and tact have been combined with educational qualifications, and his administration has been eminently satisfactory. Personally he is agreeable and accommodating, and enjoys in the largest measure the friendship and good will of the public.

He is widely known and for many years has been connected with a number of local building and loan associations which have been largely benefited by his executive ability and business management. He is also well known in musical circles, and will have the unqualified endorsemnt and support of a very wide constituency, for his ability and worth is universally recognized.

HON. G. W. LOUTTIT.

Hon. George W. Louttit, who has been nominated for municipal judge, is one of the best known younger attorneys of the city. He was born at Dayton, Ohio, June 30, 1868, but came to Fort Wayne with his parents in 1870 and this has been his home continuously since that time. He was educated in the public schools of the city, and worked in the Olds Wagon works and in brick yards to obtain funds to complete his legal education. Mr. Louttit entered Michigan university at Ann Arbor in 1889, taking the full legal course, and was admitted to practice in the courts of this city in 1890. A year later he was admitted to practice in the United States courts.

Mr. Louttit was elected a representative from Allen county to the state legislature in 1898, and again in 1900, and put forth marked energy and ability in looking after the interests of his constituents. At the last session he was defeated for the democratic nomination for speakership by one vote. In both sessions of the legislature he introduced resolutions favoring the election of United States senators by direct vote of the people and in the last session presented a resolution asking for home-rule for cities. He also fathered the bills empowering Fort Wayne to build a new high school, and also the measure for the enlargement of the province of the school for feeble minded youth, the latter bill carrying with it an extra appropriation of $40,000 for carrying out the provisions of the act.

Mr. Louttit was married at Urbana, Ohio, December 26, 1888, to Miss Gertrude L. Britton. In his professional career Mr. Louttit has been a careful and studious practitioner; politically he has been unswervingly a democrat.

THE DEMOCRATIC PLATFORM.

The democratic party of the city of Fort Wayne, in convention assembled, does herewith commit itself to the following beliefs and declarations:

As a part of the great democratic party of the United States it is composed of citizens from all the walks of life, but its great body is comprised of the masses of the people, the toilers and producers, who make the wealth, promote the growth and sustain the greatness of this nation. They are law-abiding and liberty-loving citizens, and as such hold in decent respect the restraints of law as they cherish a jealous regard for the rights vouchsafed to every citizen of this republic. They believe unqualifiedly in a republican-democratic form of government such as the constitution of the United States guarantees, and in a local self-government to such extent as the constitution of the state of Indiana has made provision for it and the supreme court of Indiana has upheld it.

UPHOLD HOME RULE.

Being thus and believing wholly in these things, the democrats of the city of Fort Wayne, together with many of their fellow citizens who are not democrats in name nor by party affiliation, with courage, honesty and firmness hold that they or any other concordant majority of citizens have a right unassailably guaranteed by the constitution to say, free from the intervention or interference of the legislature who shall control and administer in matters purely local to this community and in which the chief executive of the state of Indiana can have by virtue of his authority no official interest or responsibility.

The democratic party of Fort Wayne believes and declares that the constitution of the state guarantees to the people of this city the right to choose by popular vote the person in whom the judicial power of the city is vested and that any attempt to deprive them of such right by the hypocritical, transparent and vicious subterfuge of a "legislative vacancy" to be filled by a partisan governor is not only a base prostitution of political power, but a wicked and perilous contravention of the rights guaranteed by the constitution, and therefore unconstitutional.

We believe that any attempt on the part of the state legislature to divest the people of any of the rights and privileges of local self-government guaranteed by the constitution is a wanton and dangerous invasion of the sacred domain of popular liberty, and not to resent or oppose it would be to invite and encourage the repeated encroachments upon, and finally the subversion of the legally established forms of municipal government to make way for the erection of feudal political estates that cannot be created nor made to survive without invoking the powers of a partisan legislature.

AMENDMENTS DENOUNCED.

Therefore, the democratic party of Fort Wayne, in convention assembled, hereby with honesty and in candor, denounces without qualification and condemns without stint the "charter amendments" passed by the late legislature, and challenges the champions of those iniquities that have been presented in the sacred and dignified forms of law to go before the people of this good community to justify or palliate this outrage upon popular liberty and this brutal assault, this shameless prostitution of the good name of the city of Fort Wayne by men who, by their words and deeds are, as citizens of this city, self-slandered before the world.

The democratic party of Fort Wayne condemns and denounces the provisions of the bill that singles out Fort Wayne as the only city in the great state of Indiana to be denied charge and control of its own fire department and the right to select its own judiciary.

We believe the assumption by the legislature of the power to invade the province of local self-government in such ruthless manner as has been done in the case of Fort Wayne is not only unconstitutional, but that the supreme court of Indiana has repeatedly so held in other cases of like tenor.

POINT TO THE RECORD.

The party here assembled makes no boasting declaration of what it has done, but with modest pride and unhesitating confidence asks the people to pass judgment upon the open record of its achievements in the stewardship of this city. By its works it is known to all men, and gives as pledge for the future its faithful redemption of its pledges heretofore. The city of Fort Wayne has been administered upon plain business principles by the application of sensible and well appointed business methods, and the progress it has made within the past ten years cannot be matched by any other city in the state of Indiana. Public improvements of every practical and desirable sort have been devised, inaugurated and extended. Public buildings have been erected, parks have been acquired, enlarged and embellished, the fire department augmented to many times its size and efficiency of ten years ago, and in short the people of Fort Wayne are substantially provided with all the means to serve public convenience, necessity, security and pleasure that the public interests have demanded.

THE FINANCES OF THE CITY.

We congratulate the people upon the city's financial condition, and assert without fear of contradiction that for the variety and character of public improvements, and within the time, there is no other city of equal population in the United States that maintains a lower tax levy upon a lower assessed valuation of property than does the city of Fort Wayne.

PLEDGES FULFILLED.

We further congratulate the people upon the faithful fulfillment of the pledges made in convention assembled on April 7, 1893. We again pledge ourselves to give to the people an economical government, a progressive administration of public affairs and to apply to all departments as heretofore methods that command the approval of good sense and honesty.

ENFORCEMENT OF THE LAWS.

We believe in and pledge ourselves to administer the government in a manner that shall at all times secure such an enforcement of, and obedience to, the laws of the state and the ordinances of the city as will conserve the good order of society, the security of property, the safety of life and the preservation of public morals.

FAVOR MUNICIPAL LIGHTING.

We declare ourselves in favor of the city owning and operating its electrical lighting plant and pledge ourselves to the erection and the equipment of such a plant at as early a day as the finances of the city, administered with that object in view, will permit; said plant to be in operation, if possible, at the time of the expiration of the coming administration.

AS TO PUBLIC FRANCHISES.

The streets and alleys belong to the city and no person, company or corporation is authorized to use the same for private gain, without permission, consent and authority of the board of public works and common council. We favor the granting of franchise privileges when they are matters of public necessity or utility, but not otherwise. In making these concessions, we pledge ourselves to a policy of reciprocity, which is to say that for each franchise granted a reasonable compensation is to be made, and that all franchises be granted for a limited term of years.

FAVOR INTERURBAN RAILWAYS.

We favor and pledge ourselves to the maintenance of such a policy as shall encourage and nurture enterprises of every kind that will promote the growth and enhance the prosperity of the city of Fort Wayne and her people. To that end, therefore, we pledge ourselves to encourage the building of interurban and suburban roads. We pledge ourselves to the adoption and enforcement of a policy that will give to Fort Wayne interurban street railroads and likewise to the building and extension of city lines, keeping in mind at all times the rights of the city and its people and the safeguarding of their interests.

We congratulate the people of Fort Wayne upon the encouragement that has been given to interurban railway enterprises and sincerely hope that the efforts that have been put forth to promote the success of these projects will in time not far distant bear a full fruitage of prosperity for all.

Richard W. Phair, being duly sworn, deposes and says: That he is one of the firm of R. W. Phair & Co., consisting of himself and Carl B. Franc, and carrying on business at No. 16 Platt Street, in the city of New York, in the county and State of New York, that his firm has been supplying the

Egg Baking Powder

Company, of the city of New York, with the product known as Egg Albumen, that the said Egg Albumen is to his certain knowledge Egg Albumen made from the whites of eggs, and that the same is commercially known as Egg Albumen, and, further, that the said product is an imported article of the highest grade.

BULLET MISSED THE CZAR

ANOTHER ATTEMPT ON HIS LIFE REPORTED.

It Comes From Vienna and is Thought to Be a Rehash of the Story Sent From Kief.

London, April 4.—A special dispatch from Vienna says a report is published there that an officer of the guards entered the czar's study yesterday and fired at him with a revolver. His majesty was not hit, the dispatch adds, and the officer committed suicide.

The story is doubted and is evidently a resuscitation of the report contained in a dispatch to the Morning Leader, of this city, from Kief, April 1, which said that an officer of the czar's household had attempted to assassinate his majesty by firing at him, missed the czar and then shot himself before he could be arrested.

ARRESTED FOR EMBEZZLEMENT.

This morning Detective Coling arrested Ralph Dunlop, aged 16, charged with embezzlement. He had been in the employ of C. J. Littleton, the Barr street fish merchant, and had collected various bills from customers, for which he failed to give credit and also failed to turn in the money. Mr. Littleton does not know what the amount of the peculations is, but he has evidence of between $5 and $13 thus appropriated. Young Dunlop was taken before Acting Mayor Bullerman this afternoon and bound over to the circuit court in the sum of $300.

MARRIED TUESDAY NIGHT.

Rev. W. D. Parr, D. D., pastor of Wayne Street M. E. church, united in marriage Frank Sowers, of Chicago, and Miss Fannie May Greiner, of this city, Tuesday evening. LOUIS F. CURDES, PIXLEY-LONG BLOCK.

IN JUSTICES' COURTS.

Joseph Netterfield filed an affidavit in Bullermann's court against Mrs. P. Lawrence, living along the Illinois road for wrongfully detaining a dog the property of Netterfield and valued at $50. The dog was returned and the case was dismissed upon Mrs. Lawrence paying the costs. She said the dog came to her home and refused to go away and that she had no intention of wrongfully appropriating the animal.

In the Shannon vs. Funk dog cases in the same court yesterday, a plea of guilty was entered in one case and the other cases were compromised.

To the Mothers and Fathers.

No matter how many essays you may read your boy on independence and self-reliance, nothing will develop that cardinal virtue in him so quickly and effectually as a suit of new, sylish, becoming and good-fitting clothes. The instrument is in easy reach. The price is reasonable. If your boy is bashful, is a wall flower, would rather go fishing on Sunday than mingle with the best young people of the city at church. It may be that you are to blame. It may be that you are not as careful about his clothing as you should be. We do not mean to say that "Fine feathers make fine birds." But we do say that good clothing will make a boy willing to associate with the best people, and that is the making of the boy. The old saying that "It is hard for one to rise above their environments" is very true, especially with boys.

NEWS OF THE DIAMOND

For a week or more a list of players purporting to be on the claim lists of the various clubs in the Western association has been going the rounds of the press. This list was simply a dream of some ambitious base ball writer and has caused considerable confusion and unnecessary inquiry of President Meyer. The correct list, as on file in President Meyer's office, corrected up to April 2, is presented herewith and is now printed for the first time. It will be observed that Manager Watkins, of Indianapolis, has not yet sent in his, but the others are as follows:

COLUMBUS—Sayers, Tarbell, Locke, Van Buren, Frank, Hale, Smith, Endslow, Zinram, Grimshaw, Shires, Cockman, Downey, Grant.

MARION—Thomas Turner, Lyons, W. H. Taylor, Manley, William Congalton, Rittel, Boyd, Deall.

FORT WAYNE—Babb, Nattress, Miller, Starkey, Jacobs, Frank Quinn, Chuck Fleming, Hankey, George Miller, Murphy, Fuller, Fox, Mahan, Fricker, Ames, Lamont, Daniels, Mullen, Vickers, Hahn, Sessions, Mark McQuade, Hensils, Beale, Horsley, Hart, Rapp, Frank Hemphill.

LOUISVILLE—Wilmot, George Smith, Lally, Bondelin, Zoluski, Frasier, E. Hickey, McCoun, E. H. Corbett, Crill, Mance, Phil Ehret.

TOLEDO—Hartman, Vizard, Slicott, Guadinger, Clark, Cates, Tuck Turner, Joss, Popp, Walthors, Kane, Price, Cargo, Scheetzke, Fisher, Timrick, McIntyre, Graffius, Pardee, Arthur, Susman, Ice Beck, Beville, Alexander, Strickdett, Butler, Ewing, Gilks.

GRAND RAPIDS—Fred Holmes, Boney, Heldebo, Cooper, Frick, Luther, Frish, Jones, Nelson Mason, John McCallister, John Mahaffey, Robert Drury, D. J. Mulaney, Peter McCormick, Adam Scheuerman, Thomas C. Williams, John F. Mulligan, Charles Frech.

DAYTON—D. F. Cawley, O. O. Porter, H. Sporl, Otto Redur, Bert Shills, Bill Sminck, George Grosart, Bade Myers, O. P. Gochnour, E. Wheeler, Al. Miller, C. Wright, J. J. Burns, E. K. Wicker, Frank Donnelly, H. H. Durham, Fred Ruber, Bert Jones, Pat Colter, Charles Cogswell, Oscar Streit, William Bowman, Kid Williams, Charles Watkins, George Gilpatrick, John Ogee, Thomas Coursey, John Flournoy.

The base ball promoters in Grand Rapids are having rather a hard time getting a team together, owing to having commenced so late in the season, and they are out with a proposal that the other teams of the league divvy up with them.

***

Ex-President C. B. Power, of the American association and the Inter-State league has had all the base ball he wants for a while. He has notified the promoters of the proposed new Inter-State league that he couldn't possibly accept the presidency of the proposed organization on account of other business.

***

Cincinnati Enquirer: "William Bergen, the young catcher who is expected to help out behind the bat here this season, registered at the Honing late last night. Bergen is in fine physical condition and will report today for practice. His brother, the late Marty Bergen, of the Bostons, was the greatest catcher of his day. The young man who is now under contract to the Reds played with Fort Wayne last year in the Inter-State league. All the players who have seen him say that he is a wonderful thrower and backstop."

***

The following directors of the Columbus Base Ball company have been elected: T. J. Bryce, C. Edward Born, S. B. Nace, Dr. J. F. Jones, John Peirano and E. S. Barnard. The directors organized with T. J. Bryce, president; C. Edward Born, vice president, and S. B. Nace, secretary. Frank Motz, of the old Indianapolis first team, has signed a contract to manage and captain the Columbus team.

***

Comiskey, of Chicago, says he will enjoin Outfielder John Heidrick from playing with the St. Louis National league club. Commy says Heidrick signed with Chicago, and he further announces that he will force him to play in Chicago or get out of base ball.

***

President Charles Zimmer, of the Players' Protective association, is charged with playing into the hands of the National league, and Vice President Somers, of the American league, claims to have proof of this. It is said that Zimmer influenced Wallace, Heidrick, Flick and McFarland to remain with the National, and Somers says he has a letter from "Cy" Young stating that Zimmer had wired him (Young) to remain at Hot Springs until Zimmer went there with Pittsburg.

Yesterday the evening papers announced with a great flourish of trumpets that Ringling Bros.' circus would delight the heart of the small boy in Fort Wayne on the 29th inst. This morning Mr. Coxey, representative of the Ringlings, received a telegram telling him to cancel all dates in this territory. The late spring and the storms in the east have combined to prompt the proprietors to change their route and they will go south for the spring. They promise to come here some time in July or August.

IN POLICE CIRCLES.

Mayor Scherer having gone to Elgin, Ill., to attend the funeral of a relative, Justice Bullermann officiated at police court this morning. There was only one candidate for judicial clemency and he was a very meek individual, who gave his name as John Brown and was slated for drunkenness. He was not at all like the John Brown who came in on a Lake Shore train yesterday afternoon very drunk. Mr. Brown wanted to ride on the engine and finally offered to compromise by cleaning out the depot. He didn't ride on the engine, but this morning he rode on the "Lillie" as he went over for eleven days.

There have been several cases of dog poisoning in the east end lately and yesterday another valuable hunting dog went to the happy hunting grounds by the dog button route. The police have been investigating and think they have located the vandal and the arrest will be made as soon as a necessary witness returns to the city. The poisoning always occurs when the suspected person is enjoying a lay off from work, and this, with other facts, the officers think, will determine the case.

THE MARKETS.

Chicago, April 4.—Following the speculative tumult of yesterday the grain markets at the start today seemed quiet. In corn the life seemed to have spent itself, while professional bears were unwilling to attack prices in view of the notable steadiness at Liverpool, which failed to respond appreciably to the weakness here yesterday. May corn opened ⅝c to 1⅛c higher at 42c to 43c, reacted to 42⅜c and rallied to 42¾c. There were no heavy individual trades. Receipts were 235 cars, 38 of contract grade. July was in good demand at about ½c to ⅝c premium over May.

Wheat was quiet early. May opened ⅛@¼c higher to a shade higher at 72⅝c to 72¾c and gradually worked off to 71⅞c on selling by elevators. Local receipts were 95 cars, none of contract grade, while Minneapolis and Duluth reported 268 cars against 343 last week and 467 a year ago.

Oats were quiet but firm in sympathy with corn. The demand came largely from local shorts. May opened ⅛@¼c higher at 25c to 25⅛c and sold to 25⅛c. Receipts were 234 cars.

Provisions opened firm on light offerings, but soon turned easier on selling of lard by a packer. May pork opened unchanged at $15.45 and sold to $15.20; May lard 2½c higher at $8.50, touched $8.52½ and then reacted to $8.40; May ribs opened 2½c up at $8.27½, touched $8.30 and dropped to $8.25.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 71⅝c; May, 72⅛c; July, 72⅝@72⅝c.

Corn—April, 42⅝c; May, 43⅛c; July, 43⅛c.

Oats—April, 25⅛c; May, 25⅜c; July, 25⅝c.

Pork—April, $15.10; May, $15.20; July, $15.07½.

Lard—April, $8.35; May, $8.42½; July, $8.25@8.27½; Sept., $8.27½.

Ribs—April, $8.20; May, $8.30; July, $8.12½; Sept., $8.10.

Flax—Cash N. W., $1.55; No. 1, $1.55; May, $1.54; Sept., $1.16.

CHICAGO LIVE STOCK.

Chicago, April 4.—Cattle—Receipts, 5,000; market steady. Good to prime steers, $5.00@6.00; poor to medium, $3.90@4.90; stockers and feeders, $2.65@4.75; cows, $2.75@4.40; heifers, $2.80@4.60; canners, $2.60@2.75; bulls, $2.75@4.45; calves, $4.75@6.20; Texas fed steers, $4.10@5.25; Texas grass steers, $3.50@4.00; Texas bulls, $2.60@4.00.

Hogs—Receipts today, 21,000; tomorrow, 20,000; left over, 2,450. Market steady, closing stronger; top, $5.22½. Mixed and butchers, $5.90@6.17½; good to choice heavy, $6.05@6.22½; rough heavy, $5.90@6.00; light, $5.85@6.12½; bulk of sales, $6.00@6.15.

THE DAY ON WALL STREET.

New York, April 4.—There was eager buying all through the list at the opening which carried prices buoyantly upwards from 1 to over 3 points in the most prominent stocks. London buying helped the advance, especially in the Trunk lines, St. Paul and Louisville, in which the advances ran from 2 to 2½ on running sales at varying quotations.

Rock Island sold a point below last night's close and on a parity with last night's figure on simultaneous sales and advanced above that later. People's Gas was carried up 1½ over last night. There were large blocks taken of Missouri Pacific at an extreme advance of 2⅝, Illinois Central was carried up 5½ by rapid stages. There were gains of 1 to 1½ scattered all through the list of railroad stocks and the high-priced industrials and specialties.

The only conspicuous exception to the upward tendency was United States Steel stocks, the preferred yielding ⅝ and the common rising only a fraction. The market continued very buoyant after the opening at further notable advances, but Union Pacific broke sharply after a fractional advance.

The rapidity and violence of price movements during the first hour was bewildering. About every stock of prominence foundered wildly and relapses and recoveries of a point or more were frequent. Heavy realizing caused a set-back in the stocks which had the most substantial gains at the opening. Meantime, the industrials and steel stocks and minor railways were rising vigorously, Colorado Fuel gaining 4½ and Sugar, Tobacco, Iowa Central preferred, Baltimore and Ohio and Kansas and Texas 1½@2½. Rock Island then jumped to 155¾, which caused the other Grangers to harden again.

Before 11 o'clock the market was breaking again wildly in spots. The declines from the best were Rock Island 4½, Burlington 4⅝, Delaware and Hudson 5, Tobacco 3½, Illinois Central 3½, Northwestern 2⅝, Missouri Pacific 2¾ and a long list of others about 2 points. There were some violent rebounds again at the end of the hour.

Trading became moderate in volume and prices more stable. Prices worked upwards throughout. Burlington rallying 3¾ to 136⅝, Delaware and Hudson 4½ and the active list generally from 1 to 2½ points. The local traction stocks became buoyant under the leadership of Metropolitan Street Railway, which rose 3⅝. Stocks of the investment class continued to be absorbed at notable advances over preceding sales.

American Coal sold ½ above the last sale, St. Paul and Omaha preferred 1, Northwestern 3⅝, New Haven 2½ and St. Paul preferred 2 points.

Colorado Fuel was up 5. Outside of the tractions the active list failed to recover to the best prices. The market yielded before noon except for an advance of 2⅝ in Amalgamated Copper.

Bonds were irregular.

MRS. FOSTER IS PRESIDENT

MEETING AT ALLEN COUNTY ORPHANS' HOME.

Stockholders Hear Annual Reports—Home in Fine Condition—Directors Are Chosen.

The annual meeting of the stockholders of the Allen County Orphans' home was held at the home Tuesday. The election of five trustees to serve for the ensuing three years resulted in the election of Mrs. T. E. Ellison, Mrs. M. B. Fisher, Mrs. J. C. Woodworth, J. D. Bond and E. A. K. Hackett. W. E. Mossman was elected to fill the unexpired term of Leopold Freiburger, resigned.

The reports of the officers and various committees of the association upon the past year's work showed a healthy and satisfactory improvement in all departments of the home and offer material encouragement to the association and its friends for its continued success and usefulness.

The report of Mrs. Ida Overmeyer, the matron, showed that the monthly number of inmates of the home during the year averaged forty-seven; that thirty children had been received into the home during the year and good homes found for fourteen and that there had been but one death.

The report of the secretary, E. J. Woodworth, was as follows:

—Receipts.—

Cash on hand March 31, 1900	$ 194 99
Receipts from all sources.	4,520 53
Total	$4,715.52

—Disbursements.—

To orders issued, Nos. 270 to 314 inclusive	$4,423 77
Balance cash on hand March 31, 1901	$ 391 64

J. D. Bond, treasurer of the association, rendered the following statement of finances for the fiscal year ending March 31, 1901:

—Receipts.—

Cash in treasury March 31 1900	$ 194 99
Received from secretary March 31, 1900 to March 31, 1901	4,520 53
Total	$4,715 52

—Disursements.—

Paid out on orders drawn by the president and secretary	$4,423 88
Cash in treasury March 31, 1901	391 64
Total	$4,715 52

The proceeds derived from the charity ball and the sale of handkerchiefs and fancy goods at Thanksgiving time were applied in the payment of indebtedness contracted in building the new addition to the home and general improvements and repairs. Through the generous cooperation and support of the public in these special undertakings and the careful management of the committee having them in charge the monies derived from these sources have sufficed to substantially reduce the indebtedness of the association and greatly lighten its burdens.

After the meeting of the stockholders the board of trustees met and organized by the election of the following officers:

President—Mrs. Samuel M. Foster.
Vice President—Mrs. J. C. Peters.
Treasurer—J. D. Bond.
Secretary—E. J. Woodworth.

SYRUP OF FIGS

NEVER IMITATED—QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

ENGINEER INJURED

L. M. PFEIFFER STRUCK BY SOME MISSILE.

SUPT. HUNTER RE-ELECTED

AGAIN PLACED ON THE C., R. & F. W. DIRECTORATE.

THE R. H. MYTON FUNERAL

BROTHERHOOD MEN TURN OUT IN A BODY.

Engineer Louis M. Pfeiffer, of the Pennsylvania, was severely injured at 3 o'clock this morning in a manner that has up to the present moment been a most perplexing mystery. He was at the throttle of an engine pulling a freight train, when something struck him above and to the side of the left eye, knocking him from the seat. The blow was terrific, but whence it came neither Mr. Pfeiffer nor his fireman are unable to say. It left the engineer in a dazed condition and entirely unable to continue his trip, so he was relieved and brought to this city on No. 6. Dr. W. E. Stemen met Mr. Pfeiffer at the depot and had him taken to St. Joseph hospital, where a thorough examination into the injury is being made this afternoon. Owing to the swollen condition of the man's face and his weakened state, Dr. Stemen was able to make only a slight examination this morning. He said the patient is still dazed and hardly able to talk, but the general indications do not point to any very serious injury. There is no concussion of the brain, though there might be a fracture of the frontal bone, from which no lasting injury could arise. Various theories concerning the accident are advanced, included being a stone or some other missile thrown by the drivers or by human hands. Nothing was found in the cab to suggest this theory, however.

THE MYTON FUNERAL.

Between sixty-five and seventy members of the local lodge of the Brotherhood of Railway Trainmen, accompanied by Wayne Tent band, went down to Monroeville at noon today to attend the funeral of the late R. H. Myton, whose tragic death was published in the city papers a few days ago. The men all wore the regalia of their order and no doubt presented an imposing appearance in the funeral procession. The Pennsylvania company furnished an extra coach for the accommodation of the brotherhood.

MR. HUNTER RE-ELECTED.

A special telegram from Richmond conveyed to The Sentinel at noon today the information that Superintendent James W. Hunter, of the Grand Rapids and Indiana road, had been re-elected a director of the Cincinnati, Richmond and Fort Wayne Railroad company. The stockholders of the road held a meeting in that city this morning. Mr. Hunter was placed on the directorate for the first time last year and his re-election may be taken as a testimonial of excellence in the management of the divisions over which he presides.

LITTLE BOY INJURED.

At 6:30 o'clock this morning an extra freight train on the Grand Rapids and Indiana road struck and badly injured Alfred Meyers, a three-year-old boy, at Berne, Ind. The little fellow was playing on the tracks and did not heed the engineer's warning whistle. The pilot picked the lad up and threw him aside; otherwise he would most surely have been killed outright. The parents of the unfortunate boy reside in a house near the scene of the accident.

THE TEACHERS' SPECIAL TRAIN.

A special train, with eighty Fort Wayne and Allen county teachers aboard, left over the Wabash at 9 o'clock this morning for Anderson, where the Northern Indiana Teachers' association will hold a three days' institute. The train took on a number of other teachers at all stations between this city and Wabash and went into the latter place pretty well loaded. The train was in charge of Conductor Sterling and Engineer Melville. A number of the teachers from this city left for Anderson yesterday morning, going over the Lake Erie and Western road.

OFFICIALS RETURN HOME.

Vice President Joseph Woods, who was attending the annual meeting of the Grand Rapids and Indiana company at Grand Rapids yesterday, passed through the city again last night, en route to Pittsburg. His private car was attached to train No. 8. General Manager G. L. Potter, who came in on the Wabash train at 5:40 o'clock last evening, also left the city in his private car last night, on train 24. Mr. Potter paid the shops a visit last evening and discussed matters pertaining thereto with Master Mechanic B. Fitzpatrick and his staff.

MARRIED QUIETLY.

Miss Lillie Richards and Mr. Earl Jeffries, who are employed in Councilman J. J. Bauer's department of the electric works, were married yesterday afternoon at Van Wert, Ohio. The wedding was a quiet affair and a great surprise to the relatives and friends of the bride and groom. At the noon hour Miss Richards and Mr. Jeffries asked and obtained permission to be absent from the works during the afternoon. They immediately repaired to the Pennsylvania station and boarded train 22 for Van Wert, where the marriage ceremony was performed. They returned here on the Crestline accommodation train at 7:30 o'clock and went to the home of the groom's parents, Mr. and Mrs. William T. Jeffries, of 105 Baker street, where they will probably remain until they are ready to go to housekeeping. The bride is seventeen years old and the daughter of S. W. Richards, the night watchman at the electric works. That gentleman was opposed to the marriage because he considered his daughter too young to be married. Nothing remains now but forgiveness and his blessing, which no doubt Mr. Richards has already granted. The marriage has created quite a stir among the young people at the works, all of whom are ready to shower congratulations upon the bride and groom as soon as the opportunity occurs. Mr. Jeffries is a most estimable and industrious young man, Mr. Bauer says, and he predicts a prosperous and happy future for the couple.

INDUSTRIAL NOTES.

Nickel Plate Fireman Deavans is sick and off duty.

Engineer George Quidor, of the Nickel Plate, is sick and off duty.

William Driftmeyer went to Peru this morning on business for the Fort Wayne Electric company.

Tomorrow Rhinesmith & Simonson and the Anthony Wayne Manufacturing company will pay their employes for services rendered in March.

Conductor Bert Coudry, of the Nickel Plate, is on duty again after a brief absence on account of private business.

Joseph Weyer, son of Tinner Ben Weyer, of the Pittsburg shops, has gone to Delphos to spend Easter Sunday with relatives.

The Nickel Plate will open the excursion season next Wednesday with a Methodist church excursion from Bellevue to Cleveland.

Fireman C. H. Moore, of the Pittsburg, will accompany his wife to Columbia City Saturday to spend Easter Sunday with relatives.

Conductor G. M. Sauer, of the Nickel Plate, is taking a lay off to attend to some private business. Brakeman J. C. Miller is also off duty for private business.

Capt. Otto C. Meyer has recovered from an attack of the grip and this morning he resumed his place at the desk in Shop Clerk Hobrock's office at the Pittsburg shops.

F. W. Cox, who on April 1 retired as general machinery inspector of the Baltmore and Ohio lines, goes to Milwaukee as superintendent of the Milwaukee Electric company.

D. C. Rowan, a yard brakeman in the east yards of the Pittsburg, is off duty with a lame foot, the result of an accident Tuesday night. The foot was bruised, but not seriously.

Brakeman F. H. Wolf, who was sick a week, and Brakeman H. E. Baum, who was visiting at Fort Seneca, Ohio, have reported for work on the Nickel Plate after a week or ten days' absence.

Pittsburg Engineer Harry Westerman is off duty on account of the serious illness of one of his children Fireman D. L. Mason is sick and Fireman George Burchard is attending a funeral.

M. W. Emrick, F. J. Ruch, William Vachon and H. Walsh are sick and C. J. Lens, C. Doehrman and Fred Glusenkant are off duty on account of private business. They are Pittsburg shopmen.

James Hartnett, storekeeper at the Wabash shops, and the grip are having a catch-as-catch-can wrestling match and during its progress Mr. Hartnett has turned the store room over to E. B. Robinson.

Herman Brandt, yard foreman for Rhinesmith & Simonson, is suffering from an attack of the grip and is unable to leave his home. This is the first illness Mr. Brandt has experienced in many years.

Engine 3 has left the Stony Island shops, where she received general repairs. She will go into freight service between this city and Bellevue, with Engineer M. T. Ocher and Fireman F. B. Haughawont in the cab.

Edward Raschig, chief clerk in the general superintendent's office of the American Express company, is in a poor physical way and has been given a three months' leave of absence, with full pay, in which to recuperate his health.

J. A. Kuhn, for some years past general agent of the Chicago and Northwetsern at Minneapolis, will on Monday take the position of general freight agent of the Fremont, Elkhorn and Missouri Valley road and of the Sioux City and Pacific.

Under the rule of the Central Passenger association no road can maintain an independent ticket office in a city that its line does not enter, and that is the reason the Toledo, St. Louis and Western has been asked to close its office in Cleveland.

Mrs. James Harvey, of Detroit, who had been visiting her brother, Engineer Henry Jones, of the Pittsburg, returned to her home today It was forty-three years ago that the lady last saw Fort Wayne before her recent visit and she was unable to recognize any part of the city.

Articles of incorporation for the Pittsburg, Toledo and Western railroad company were filed with the Ohio state secretary at Columbus yesterday. The road will extend from Mingo Junction to Toledo and will have headquarters in Toledo.

J. H. Kelker, a truckman at the Pittsburg freight house, is sick.

President John K. Cowen, of the Baltimore and Ohio, and President E. B. Thomas, of the Erie, say it is not true that F. D. Underwood is to resign his position with the former road to become president of the Erie. No higher authority for the denial can be given and this effectually settles that disputed question.

The lady's gold watch, picked up at the Pittsburg depot a few days ago by a brakeman, still remains in Station Master Clark's possession, awaiting an owner. Undoubtedly some person getting on or off of train 21 dropped the timepiece, but inquiry among the passengers on the train failed to reveal the owner.

Frank Aiken, chief of the local weighing and inspection bureau, has reconsidered his determination to bring his family here to reside, circumstances having developed which make such a move impossible at present. Mrs. Aiken and the children will continue to reside in Chicago until the close of the present year at least.

Frank B. Keplinger, of Chicago, is the guest of his sister, Mrs. Harry Gardner, and brother, Engineer J. A. Keplinger. Mr. Keplinger is a conductor on the Chicago-Detroit branch of the Wabash and is incapacitated for duty. Four weeks ago he sustained a broken arm and numerous bruises and cuts in an accident and has not yet recovered from the injuries.

SPRING BILE.

This is the time of year when everybody needs a house cleaning. The cold weather, the lack of outdoor life and exercise clogs the liver and bowels and the whole system becomes stagnant.

Smith's Green Mountain Renovator is the best remedy to renovate and cleanse the blood, clear out all the bad and impure matter which has collected in the body, and give a tone to the nerves, muscles and tissues.

The RENOVATOR is pleasant to take, quick and sure to operate. Coming from the Green Mountains of Vermont it is made from the purest, most powerful herbs known to medical science. Don't fill your system with dangerous drugs and stimulants, but take nature's own remedy.

We absolutely guarantee benefit from its use and urge you to take the RENOVATOR without delay and obtain the strength and health which may be yours for the asking.

IT IS IMPORTANT.

To Know What You Are Taking When Using Catarrh Medicines.

Catarrh is the short route to consumption, and the importance of early and judicious treatment of catarrh, whether located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, ointments, and salves to powders, fluids and tablets.

The tablet form is undoubtedly the most convenient and most effective, but with nearly all advertised catarrh remedies, it is almost entirely a matter of guess work as to what you are taking into your system, as the proprietors, while making all sorts of claims as to what their medicines will do, always keep it a close secret as to what they are.

The success and popularity of the new catarrh cure, Stuart's Catarrh Tablets, is largely because it not only cures catarrh, but because catarrh sufferers who used these tablets know what they are taking into their systems. Stuart's Catarrh Tablets being composed of Eucolyptol, Hydrastin, Guaicol and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the mucous lining of the throat, nasal passages and whole respiratory tract.

The cures that Stuart's Catarrh Tablets have accomplished in old chronic cases of catarrh are little short of remarkable, and the advantage of knowing what you are putting into your stomach is of paramount importance when it is remembered that the cocaine or morphine habit has been frequently contracted as the result of using secret catarrh remedies.

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the general public to use and their composition makes them a common sense cure for all forms of catarrhal troubles.

All druggists sell them at 50 cents for full sized packages.

MAKING RECORDS AT HOME.

The peculiar interest that attaches to photographs that have been taken by yourself, as compared with purchased pictures, attaches, also, to the graphophone records made in your own home as compared with those that are made by professionals. It is easy to achieve good results from the start and your records will improve with practice—the same as in learning to make photographs, or to do anything else in which practice leads to skill. To possess photographs, books, and all the long list of reminders of happy days and tender associations is delightful; but no souvenirs can compare with a cabinet filled with graphophone records from which you can reproduce the voices of your family and companions, the songs of your musical friends and, above all, the records on which are imprisoned, for reproduction at any moment, the vocal achievements of the little ones whose presence in the household is like a ray of sunshine on a darkened day. These budding men and women, alas! do not always develop into the perfect flower, and no reminder of them, when they are gone, is so vivid as a means through which they may speak to us again.

The Columbia Phonograph Co, No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

BE READY

FOR THE GREAT EVENT IN CYCLING CIRCLES.

KOHLINGER & BAUR'S OPENING WILL TAKE PLACE SATURDAY.

The formal opening of the bicycle season in Fort Wayne will occur Saturday, when the firm of Kohlinger & Baur, the square dealers, of 31 East Columbia street, invites the public to call and examine its superb line of wheels and sporting goods. The event will eclipse anything of the kind ever held here and a half hour of pleasure is in store for all those who attend. Souvenirs and badges will be distributed among the guests and there will be music throughout the day. But more important than these things, perhaps, is the opportunity of viewing a complete line of sporting goods, such as this firm carries. Kohlinger & Baur have long been the acknowledged leaders of the retail bicycle trade in Fort Wayne and they expect to add materially to ther reputation this year. They carry the largest stock and very best makes of bicycles, sporting goods, fishing tackle, etc., in the city, and if you cannot get it at the Kohlinger & Baur store it is not to be found in the city. On the day of their opening the whole of their immense line of goods will be on display, included in it being the following makes of wheels: National, Stearns, Cleveland, Imperial, Regal and Crescent. The 1901 models of these wheels will be worth seeing. Mr. Henry Kohlinger has returned from the east and brought back with him an entirely new line of guns and fishing tackle.

GOT SMALL HAUL

ROBBERS BREAK INTO A BANK AT CHARDON, OHIO.

WATCHMAN'S BRAVE BATTLE

SHOT ONE OF THE ROBBERS BEFORE OVERPOWERED.

LESS THAN $200 SECURED

COULD NOT OPEN STRONG BOX CONTAINING $50,000.

Chardon, Ohio, April 4.—A gang of half a dozen robbers early today blew open the safe of the Citizens' Savings bank here, and after a desperate fight with Night Watchman Pomeroy and a citizen, succeeded in making their escape.

It is believed the robbers secured less than $200. The night watchman discovered the men at work in the bank. He was seized, bound and gagged, but not until he had shot one of the burglars.

Dr. Hudson, who lives near the bank, was aroused by the noise and came to the scene. He was soon seized and bound hand and foot. It required three big charges of dynamite to blow the safe door off. After completing their work the robbers left town on a handcar.

Early today two men were arrested at Willoughby upon the charge of being members of the gang which robbed the Chardon bank.

The robbers only succeeded in gaining entrance to one compartment of the big safe. In another part, which was not touched, nearly $50,000 was stored.

Pomeroy, the night watchman, is badly used up. After he shot one of the burglars he was unmercifully clubbed over the head. After being bound and gagged the watchman was dragged into the bank. He lay there, a witness to all the operations.

At each explosion the robbers retired to places of safety. Pomeroy lay in an exposed place and no attention was paid to him, except that one of the robbers, whose arm had evidently been broken by the shot from the night watchman's revolver, occasionally gave him a kick in the ribs as he passed.

The robbers were a long time getting into the vault. They gathered up the loose coin lying about and then went at the strong box. They exploded several charges, but could not force it.

After an investigation today Cashier C. L. Smith, of the bank, made this statement concerning the booty secured by the cracksmen:

"The robbers got $125 in gold, $20,000 in certificates held against the bank by individuals and $25,000 or $30,000 worth of mortgages and other securities belonging to individuals.

"None of the paper taken is negotiable. There was $30,000 in currency in an inner vault which they did not get. The books and records of the bank were not disturbed."

A posse of citizens is scouring the surrounding country for the robbers. It is believed that some coins found in possession of the two men arrested at Willoughby are a part of those taken from the bank. The men also had several sticks of dynamite in their pockets.

SEES SOME SURPRISES.

New York, April 4.—The Iron Age says: "The announcement of the organization of the United States Steel corporation has brought some surprises, notably as to the absence in the directory of a larger representation of the principal men in some of the constituent concerns. The scope of the new concern is now being enlarged, more particularly through the acquisition of additional ore properties. The Oliver Sixth, of the Oliver Iron Mining company, not controlled by the Carnegie Steel company, has been added; the Aragon, with a product of 400,000 tons, has been purchased, and an option has been secured on the Cleveland-Cliffs company, the most extensive and valuable of the outside concerns, with their transportation interests and their charcoal furnaces. It is a fact, too, that negotiations are pending for the purchase of some of the large steel plants which still linger in single glory. The iron markets are very strong throughout. The demand in every direction proves to be enormous and there is no doubt but it has, for the present at least, outrun the active capacity, great though it be. Pig iron for steel purposes for prompt delivery continues very scarce and billets are simply unobtainable for early shipment. Premiums are the rule, not alone for steel, but also for a large variety of finished products, and heavy orders are being placed."

GENERAL BOTHA'S LETTER.

London, April 4.—The letter of General Botha, the Boer commander-in-chief, to Lord Kitchener, commanding the British forces in South Africa, preliminary to the recent peace meeting, casually referred to in Lieutenant General Kitchener's report of the negotiations and from which the opponents of Colonial Secretary Chamberlain hoped to obtain some clew of the recent failure of the conferences, was published as a parliamentary paper this morning.

The letter is dated at the commandant general's camp February 13, and commences with a reference to "the verbal message from your excellency." Continuing, the letter says: "I have the honor to inform your excellency that no one desires more than I do to bring this bloody strife to an end. I would also very much like to meet your excellency for the purpose of mutual discussion to see if it is not possible to discover terms under which this can be done."

The remainder of the letter of General Botha is of no importance. It merely suggests a place of meeting and arrangements for the guarantee of safe conduct.

COL. C. A. MUNSON VERY LOW

CHANGE FOR THE WORSE OCCURRED THIS MORNING.

Telegrams From Chicago During the Day Show Patient's Condition Extremely Critical.

Col. Charles A. Munson, who underwent an operation at Mercy hospital, Chicago, yesterday morning for obstruction of the bowels, is very low, and despite the efforts of skilled attendants and loving friends, it is feared he can not survive.

Colonel Munson stood the operation well, and last evening was reported as resting easily. At 9 o'clock this morning a telegram to Mrs. W. P. Cooper announced that the patient had suddenly taken a change for the worse and that the gravest results were feared.

Still more discouraging news came at noon in a message announcing that Colonel Munson was sinking rapidly, and physicians had abandoned hope. The last message, received at 2 o'clock this afternoon, said the physicians regarded his condition as no worse than at 8 o'clock this morning, but that the patient was very low indeed.

Dr. M. F. Porter, who returned from Chicago last evening, said this afternoon that the change for the worse in Mr. Munson's condition left little ground for hope of his recovery. "Mr. Munson stood the operation fairly well, considering the duration of his illness," said Dr. Porter, "and under favorable conditions he should have shown a substantial rally by this time."

Later—A telegram from W. P. P. Cooper says that Col. Charles A. Munson died this afternoon at 2:23.

LEAVES LEGISLATIVE SEAT

HON. GEORGE W. LOUTTIT SENDS HIS RESIGNATION.

Quits His Place as Representative to Make the Race for Municipal Judge.

Hon. George W. Louttit, nominated for municipal judge by the democratic city convention Wednesday evening, announced to a reporter for The Sentinel this morning that he would at once resign his place as a representative from Allen county to the state legislature.

This is done to make the race for the municipal judgeship, as under the laws of Indiana Mr. Louttit would be ineligible to hold two offices of trust and profit, and he desires to be entirely untrammeled in the contest for the place at the head of the police court as created by the recent legislature.

The resignation has been prepared and will be forwarded to Governor Durbin without delay, and Mr. Louttit will enter actively into the city campaign in the interest of the entire democratic ticket nominated last evening.

BERGHOFF LEADS

FORT WAYNE DEMOCRATS IN CONVENTION.

CITY TICKET IS NOMINATED

H. C. BERGHOFF NAMED FOR MAYOR.

A. M. SCHMIDT FOR CLERK

G. W. LOUTTIT WILL RUN FOR MUNICIPAL JUDGE.

It was a splendid assemblage of democratic citizens that congregated in the audience room in the court house Wednesday evening to formally ratify the election of Tuesday by placing in nomination a city ticket and selecting a candidate for police judge. The large assembly room was packed to the doors and every delegate was in his seat as the roll of wards was called. It was the most orderly and harmonious convention probably ever held in Fort Wayne. A more intelligent looking body of men could hardly have been selected. The interest manifested in the proceedings and speeches was great, which inspired Judge Zollars to remark at the close: "This is the hardest convention to adjourn I ever presided over in my life, so I guess I'll just have to adjourn it myself." The addresses were warmly applauded and great enthusiasm greeted the appearance of each successive speaker. It was 8 o'clock when Chairman Shambaugh called the convention to order and stated the object of the meeting. He congratulated the democratic party on its harmonious condition in Fort Wayne and the success of its cause in other cities where elections were held this week, and then announced that he would hear nominations for the position of permanent chairman of the convention. Capt. E. B. Smith named Hon. Allen Zollars and he was unanimously chosen.

JUDGE ZOLLAR'S ADDRESS.

In assuming the chair Judge Zollars said:

Gentlemen of the Convention: I am really astonished at the attendance of democrats at this little city convention. I don't know whether you are all from Fort Wayne or whether some of you are from Toledo, Chicago, Cleveland or Columbus, but I think the size of this crowd indicates that you are going to do in May as they did in those cities yesterday.

We are to elect some of the executive officers of the city. I am glad to say that the good people of Fort Wayne still have the right to elect a few of their own officers. The duty before us is an important one, because Fort Wayne is a great city. Whatever others may say at home or abroad, I will say that no matter wherever I go, I am proud of Fort Wayne. No inland city in the country has grown better or more substantially than Fort Wayne. No city is more prosperous. No inland city has erected finer public buildings or built them at such a low expense. The city of Fort Wayne has a goodly people. No city has a more frugal, or more industrious, people. No city in the land has a people better fitted for self-government.

We are now to nominate some officers, and we expect to elect them, in view of the things that have transpired, by such a majority as has never been given to the ticket before. We want to show that we are able to govern ourselves without the aid of the governor, who knows little and cares little about us, or without the aid of the legislature, which knows less than the governor. We want to show that we are able to govern ourselves without the assistance of the members from the rural districts of Blackford or Lagrange counties.

A PLATFORM ADOPTED.

On motion of "Cully" Thieme, Frank J. Stone was selected secretary and after he was seated Captain Smith arose and said that it was customary for democratic conventions to adopt a platform at the beginning of a campaign, setting forth the principles of the party and guaranteeing to the people the preservation of their rights, as well as pledging the party to the party's good. In order to save time such a platform had been prepared and he believed the declaraton of principles it contained could be subscribed to by every democrat present. He therefore asked the secretary to read the resolutions, which he therewith submitted. After the reading of the resolutions, which were unanimously adopted, Mr. Smith, in response to the call from the chairman for nominations for mayor, in a few well chosen words placed in nomination Henry C. Berghoff, who, he said, was just the man for the position "and one with sufficient stamina and backbone to carry out the principles of the platform just read."

The nomination was seconded from a dozen quarters and on motion of J. G. Noll the nomination was made unanimous with a whoop, and loud calls for the nominee brought Mr. Berghoff to the front.

MR. BERGHOFF'S SPEECH.

In accepting the nomination he said:

I am thankful to you indeed for this unanimous endorsement of my candidacy for mayor, and I am sure that my humble person is not entitled to this generosity, but that it means a repudiation of the methods adopted by a few partisans to rob our people of a constitutional, local, self-government.

I am convinced without a doubt that the great majority of conservative, well-meaning republicans are in hearty sympathy with us and will cast their ballots accordingly. I cannot help but think that right and justice are with us and with this conviction we shall be prepared to enter this battle doubly fortified, first, because we are right, and secondly we believe that the general record of our present administration cannot be truthfully assailed.

I am ready to accept the honor of leading the ticket and defending the good name of our city against the slanders of a bunch of narrow-minded politicians who have had the audacity by brutal force to override the will of the people and rob us of our God-given rights to rule ourselves.

I was present at Indianapolis when four or five self-constituted bosses forced the legislature to adopt the charter amendments, and if there ever was a "Jeky and Hyde" aggregation, this was one. With the air of outraged humanity, solemn faces, their eyes turned towards heaven, they asserted that unless this bill was passed, living in the infernal regions would be more preferable to them than to live in this lawless, immoral, inbreeded and machine-ruled city of Fort Wayne; that if they got into power we would have a city in which vice would be unknown and all the laws be enforced to the letter. The law was passed—but when they returned home, they dropped their mask and claimed that nobody was in danger of being hurt; they promised things should go along as heretofore—it was stated by them on every street corner—"Oh, we don't want any police commission that is radical—of course, we must have one good church member on the board, but we will see to it that the other two are liberal."

The honest, innocent, sweet-faced chairman, Hugh Keegan, was the only one who told the truth, when he said to a Sentinel reporter, "We don't care as much for reform as we do for the offices."

I want to say right here to these representative bosses, remember this world despises a coward and a hypocrite.

I believe in an honest, reasonable enforcement of the laws. I believe in the extinguishment of vice and crime as far as possible, but I don't believe in playing the "devil and angel" to get into office.

All I ask of you my democratic friends, and every honest voter—no matter to what party he belongs—is to lay aside all personal feeling and prejudice and vote at this election as his conscience dictates him to do and we will all be satisfied with the result.

I don't expect in this campaign a general attack upon the personal character of the different nominees—but I do expect the usual vilifying lying campaign from a few who are otherwise honest but cannot break partisan ties to tell the truth and who must resort to lies in order to produce some sensational arguments to keep in touch and harmony with their ranting followers.

I have lived among you for thirty years. Most of you know me in person and have known me in private and business life; you have known me in politics, and all I ask of you is this: "Don't believe these accusations, may they be of a personal, political, religious or of any other nature unless positive proof comes to you with it. I am always ready to defend myself against an open enemy who has the manhood to accuse me face to face, but remember against the sneaking serpent of secret calumny, there is no weapon and the coward that uses it knows it.

It will be charged in this campaign that there is a city ring, a Tammany, a Croker and similar other trash. It makes me laugh to be compelled to listen to such nonsense. Where is the ring? Have our opponents and accusers ever dared to nominate with an open ballot before a regular board of election as we did? Have they ever dared to give all members of their party a chance to vote at a primary election? Oh, no—if there is a ring, the gang claiming to be the republican bosses that passed the charter amendments are entitled to all the honors.

I expect to be accused of being in collusion with the liquor dealers because about fourteen years ago I committed the unpardonable crime in the eyes of some people to invest my money in a manufacturing enterprise that has given employment to scores of people and side by side with other enterprises has helped to build up our city. To put myself right and my accusers at rest upon this issue I want to say that for the last eight years I have not owned one dollar of stock in the Berghoff Brewing company, either in person or through anybody else—that I have not been connected therewith since that time in any other way either directly or indirectly and don't ever expect to be, but if I was, I would now consider myself as good a citizen as anybody else.

Well, my friends, I thank you once more. Let us go into this fight thoroughly united, let us ask every fair-minded citizen to vote with us, and let the majority decide whether they want to indorse or repudiate the methods of a few politicians who profess to be bosses, but are afraid to accept a nomination from their own party upon an issue and platform created and constructed by them, knowing well that if they did they would be buried under an avalanche of indignant votes so deep that no trumpet could ever awaken them. One more word—it will be charged and has already been charged that I have entered into combinations and made promises of positions in order to be nominated or elected. I want to repeat here once more that this is a malicious falsehood. I have not nor shall I make any promises of positions to anybody and rather than have my hands tied by promises after election, I would refuse this nomination. I want to be absolutely free to do as I think right after election. If you can trust me to that, I accept the nomination, otherwise not. The only promise that I will make, however, is this, that believing in the principles laid down in our platform I shall try with all my power at my command to carry them out and give our people a fair and impartial administration.

THE CLERKSHIP.

At the conclusion of Mr. Berghoff's address Chairman Zollars said that everybody knew that Mr. Berghoff was a big man physically and the audience now had evidence that he was also a big man mentally—big in courage and big in honesty and honor. "Now, if you have any more big men," continued the judge, "bring them on." Nominations for clerk were declared in order and Thomas J. McLaughlin, of the Seventh ward, placed in nomination August M. Schmidt, whose nomination, on motion, was also made unanimous, and amid calls for the other big man, Mr. Schmidt's towering form was seen making its way toward the platform. Mr. Schmidt briefly thanked the convention for the honor it had bestowed upon him and said that in accepting the nomination he was fully aware of the responsibilities which went with the office, but that if elected he would

THE RICE MURDER

TRIAL OF LAWYER PATRICK PROCEEDS.

JONES STILL UNDER FIRE

SELF-CONFESSED MURDERER CROSS-EXAMINED.

DECEIVED HIS OWN LAWYER

JUSTICE JEROME PROTECTS WITNESS FROM INSULT.

New York, April 4.—The proceedings against Albert T. Patrick, the lawyer who is accused of causing the death of William Marsh Rice, to obtain his property, was resumed today.

Before the proceedings begun the representatives of the prosecution and defense discussed a proposition to adjourn today until next Tuesday morning.

Assistant District Attorney Osborne said:

"We don't want an adjournment unless the defense will waive further examination."

"Well," said Justice Jerome, "as yet nothing has been shown to prove that Patrick is guilty of murder except the uncorroborated testimony of an acknowledged accomplice. There must be corroboration of Jones' statements in order to hold Patrick on a murder charge and I will not accept a waiver at the present time from either side."

The cross-examination of Charles F. Jones was then taken up.

Mr. Moore tried to draw from the witness an admission that Captain Baker, on his first visit to Jones in the hospital, had suggested that the latter employ counsel.

"I do not think he did," witness answered.

Mr. Moore objected to the qualification with which almost all of the answers of witness were prefaced.

"Give me a responsible answer. Did you ask Captain Baker, in substance, to get you another lawyer?" asked Mr. Moore.

"I asked him to send me some member of the Weeks & Battle firm, yes."

Witness said Mr. Battle called on him at the hospital three times. On his second visit, witness said, Mr. Battle was accompanied by his (witness') father, who lived near Houston, Texas.

Witness said he did not do any writing at the time, but had a conversation with his father about family affairs.

"I felt bad," said Jones, "and my father was very much distressed. I referred my father to Mr. Battle for anything regarding the Rice case."

"Did you expect him to tell your father all in regard to the murder of your benefactor, that you had told him?"

Jones said that he had thought that was the understanding.

"Had you told Mr. Battle the same story about the murder as you told Mr. Osborne on October 28th?" asked Mr. Moore.

"Yes, I had."

"Then," said Mr. Moore, "on that evening you were quite determined to deceive your own father; you were willing that he should be told a lie?"

Witness did not reply.

Mr. Moore insisted that a direct answer be given and Justice Jerome finally put the question to witness himself.

"Were you willing to deceive your father?"

"I was on that occasion," witness replied.

"When you made your first statement to Mr. Osborne, did he not tell you that you lied?"

"To the best of my recollection, he said that I had made a fictitious statement and that it could not be corroborated."

"Did not Mr. Osborne say you would be punished if you did not tell the truth?"

"I think not."

Mr. Moore next brought out the letters which were written by Jones before he tried to cut his throat and which were left in his cell when he was taken to Bellevue.

Witness said they were returned to him there by a man he did not know. He could not identify the man. Jones said it was true that in the statement of his own case which he had made to his counsel he had told a falsehood, in stating that Patrick had killed Rice.

"You deceived even your own lawyer?" asked Mr. Moore.

At this point Justice Jerome interfered, saying:

"This witness is a weak, wicked and unfortunate man. He is a self-confessed murderer and deserves contempt, but I won't allow you to insult him."

Lawyer Moore said:

"Here is a solemn statement about a cold-blooded murder. My client is directly concerned and I am not asking too much in demanding that it shall go on the record that it is a falsehood."

Justice Jerome then allowed the question and Jones said he had deceived his attorney.

A statement made by Jones to his present counsel, Mr. Battle, was read.

Melville Dalberg, of Patrick's counsel, began the reading of the paper, but had some difficulty in deciphering it, and Patrick took up the reading and finished it.

This is the first time that Patrick's voice has been heard in court. In the statement Jones alleged that Patrick killed Rice.

WARD IS ADJUTANT GENERAL

YOUNG MONTICELLO ATTORNEY SUCCEEDS GENERAL GORE.

Ed M. Wilson Named as Trustee of the School for Feeble-Minded —Other Appointments.

[Special to The Sentinel.]

Indianapolis, April 4.—Governor Durbin today appointed John Ward, of Monticello, as adjutant general of Indiana, succeeding Gen. James K. Gore. Ward is a young attorney, and during the Spanish-American war was a member of Governor Durbin's regiment. The name of Col. C. B. Oakley, of Fort Wayne, Governor Durbin's old commander during the civil war, had been frequently mentioned as a possibility for the place of adjutant general.

Other appointments just made by the governor include trustees for several of the charitable and benevolent institutions of the state, and metropolitan police commissioners for Vincennes.

Upon the board of trustees for the school for feeble-minded at Fort Wayne, Mrs. Mary R. Harper, republican, of Fort Wayne, is reappointed. Edward M. Wilson, democrat, of Fort Wayne, is named to succeed E. A. K. Hackett, democrat, also of that city.

Upon the board of control of the Indiana State Soldiers' home at Lafayette Capt. A. M. Scott, republican, Ladoga, is appointed to succeed Col. David N. Foster, of Fort Wayne; and Capt. L. Fulweiler, democrat, of Peru, succeeds C. J. Murphy, of Evansville. Captain Scott is a banker and has twice served in the legislature. Captain Fulweiler is a prominent Peru business man.

Vincennes metropolitan police commissioners appointed are D. L. Renner, republican; Dr. C. S. Beard, republican, and Dexter Gardner, democrat.

The board of the Indiana Woman's prison has re-elected Miss Sarah Keeley superintendent. Miss Anna Dunlap, secretary of the institution, who testified against Miss Keeley before the legislative committee, was dismissed.

E. E. York has been elected superintendent of the Plainfield reform school. York has been a clerk at the institution.

COMMITTEES APPOINTED.

A. L. Randall, of the Bicycle Dealers' association, has appointed the following committees for the races to be held on Decoration day at the Driving park: Finance, F. M. Smith, Jesse Brosius, A. B. Himes; arrangements, Harry Meyer, H. G. Hohlinger, Harry Tarmon; track, Elmer Wilkinson, F. M. Smith, Mr. Kaiser; prizes, A. L. Randall, Walter Rosenwinkle and H. G. Kohlinger. The road race will be started from the grand stand at the park, and will be seven miles and return. While this race is in progress there will be races on the track in which ordinary bicycles, motor cycles and automobiles will take part. About $300 in cash prizes will be given, and riders from the surrounding states will compete. Marion Black, of Buffalo, will be handicapper.

TEXAS OIL WELL ON FIRE.

Beaumont, Texas, April 4.—A disastrous fire is in progress in the oil fields. Heywood's well struck a heavy flow of gas last night and it caught fire from a torch in the hands of a workman. The flame shot in the air high above the derrick and continues to burn. The derrick was destroyed and all the machinery greatly damaged. An attempt is being made to extinguish the fire. This well is 154 feet from the Hamill well, which developed the same gas feature a few days ago. Water, mud and rock are shooting out of the pipe sixty feet high and contact with the flames makes a cloud of steam.

APPEAL FOR PEACE

AGUINALDO IS PREPARING A MANIFESTO.

DESIRES TO END THE WAR

WILL URGE ACCEPTANCE OF AMERICAN SOVEREIGNTY.

IS NOT COMING TO AMERICA

SECRETARY ROOT DENIES THE STATEMENT.

Manila, April 4.—Aguinaldo has the assurance of Chief Justice Arellano and of Mr. Fisher, General MacArthur's private secretary, in preparing his manifesto. The work is not completed and the tenor of the contents is not divulged.

Chief Justice Arellano had a long conference with Aguinaldo. He says Aguinaldo is realizing the futility of further resistance and is desirous of sparing Filipinos additional distress, trusting to the justice and generosity of the American people. The chief of the revolution will urge the insurgents to cease fighting and accept American sovereignty.

AGUINALDO NOT COMING.

Washington, April 4.—The president and Secretary Hay were in conference for almost an hour this morning. Secretary Root was present a portion of the time. The subject of the consultation was not disclosed, although it was surmised that it related to the Chinese situation.

Secretary Hay stated that the government had no official advices confirming the press reports that China had definitely refused to sign the Manchurian agreement with Russia. Secretary Root pronounced the stories that Aguinaldo had been invited to come, or that he was coming, to the United States in the immediate future, to be baseless.

After the secretary of state and the secretary of war had departed Lord Pauncefote, the British ambassador, called at the white house and was received by the president in the blue parlor.

The official explanation of the British ambassador's visit, given out at the white house, was that he called to present the acknowledgment of the British government for the expression of condolence on the death of Queen Victoria.

WORK WILL BEGIN AT ONCE

SEVERAL IMPROVEMENTS FOR HOPE HOSPITAL.

New Electric Elevator and Improved Kitchen Facilities—Another Class of Nurses.

President S. M. Foster and the board of trustees, together with the woman's committee of Hope hospital, held a meeting at the institution Wednesday afternoon to decide upon a number of improvements which have been in contemplation for some time.

It was decided to proceed at once to install a new electric passenger elevator of the latest model, the car to be 5x8 feet in dimensions and equipped with complete safety devices. This improvement will cost in the neighborhood of $1,000, and the funds to pay the bills are practically on hand at this time. The work of installing the elevator will be commenced next week.

Among other improvements to be made at once will be the enlargement of kitchen facilities, and a part of the basement is to be laid in tile flooring. Still other improvements are to be made as rapidly as the condition of the hospital treasury will warrant the outlay.

Another class of four nurses is just entering the training school, to replace the class that will complete the two years' course and be graduated within a short time.

SERIOUS RIOTS IN PARA.

New York, April 4.—A dispatch to the Herald from Rio Janeiro says: Serious riots are reported from Para as a result of friction between the political parties. Fighting in the streets became so severe that the police were compelled to ask for the aid of soldiers. The garrison was ordered out and finally the soldiers were compelled to fire upon the mobs in the streets. As a result five persons were killed and many wounded.

PALE WOMEN

A Bloodless Face Indicates Trouble.

Watery Blood a Menace to Health.

WE KNOW HOW PALE PEOPLE CAN GET RICH RED BLOOD.

COME AND LET US TELL YOU ABOUT VINOL.

When blood is watery and thin, or, as doctors would say, lacks red blood corpuscles, it is a sign that much is radically wrong.

We would advise everyone who has such symptoms to start at once to take a proper remedy to overcome this trouble.

That remedy is Vinol, the greatest and most modern tonic and rebuilder.

Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles extracted from cods' livers, the same elements that have made cod-liver oil famous for wasting diseases.

These medicinal elements are dissolved in a delicious table wine so that Vinol is most palatable.

None of the vile-smelling obnoxious grease that characterizes cod-liver oil and frequently makes it an impossible remedy for those who should take it, is found in Vinol.

We could relate many instances where Vinol has done good and restored the roses of health to the pale cheeks of the sufferer.

The following is a fair sample of the way people write in regard to Vinol:

"For several months I suffered lassitude and tired all the time. Also a sinking feeling in my stomach, which nothing would relieve, and I was pale and weak. As an experiment I tried Vinol and if I wrote pages I could not tell all it has done for me."—Mrs. A. K. La Pascu, Amesbury, Mass.

Because we know Vinol so well, and because we know so surely what it will do, and how it will accomplish the good it does in a scientific way, we unreservedly endorse and recommend it, and in every instance guarantee to refund to any one what they pay us for Vinol if they do not find it entirely satisfactory.

Clean Bread

Can't be made by foul hands and clean, pure blood can't be made by a foul stomach. The blood is made by the stomach and organs of digestion and nutrition.

When these are diseased they contaminate every drop of blood made from the food they act upon, and this contamination is carried through the whole body. It may settle in the liver, kidneys, heart or lungs but the root of the disease is in the stomach. Cure the stomach and you cure the disease. Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition perfectly and permanently. It purifies the blood, and so by curing the cause of disease, cures many forms of disease in organs remote from the stomach.

"For the past six or seven years I have had torpid liver and indigestion and tried many doctors and patent medicines but I could not get a cure," writes Miss Simeon Staples, of Circle, Sabine Parish, La. "Three months ago I thought I would try Dr. R. V. Pierce's Golden Medical Discovery and his 'Pleasant Pellets.' I got six bottles of each and I received a good result in a week, and looking I am cured sound and well. The symptoms were coated tongue, specks before the eyes, disposed to be cross and irritable, foul stomach, bad taste in the mouth, tired feeling, a feeling of dread or fear, headache, yellow skin, etc. These symptoms did not all appear at once. If sufferers from such troubles will take Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' as directed in pamphlets wrapping bottles, they will bring back the bloom of life as it did with me."

endeavor to prove by his official conduct that the confidence of his supporters was not misplaced.

MUNICIPAL LEADERSHIP.

The chair then stated that it had been decided to place in nomination a man for municipal judge, the new office created by the legislature, and one which the legislature had also generously arranged to fill, but which the people would undertake to do for it. It was expected that there would be a contest for the honor, but there was none and the nomination was made in the same way as the other two. Mr. McLaughlin placed in nomination George W. Lontlit, who, he said, had proven himself an able representative and an earnest champion of the city in all its rights. The nomination was also made unanimous and Mr. Lontlit, also a six-footer, was called on for an address. He spoke with much spirit and after thanking the convention for the confidence reposed in him, briefly reviewed the fight in the legislature on the charter amendments. In concluding, he said:

"This city was shamefully slandered by some of our own citizens before the committees, and you as citizens, owe it to the city you love to put your shoulders to the wheel and rebuke the attempt to rob you of the right to govern yourselves. If I have made any mistakes in the legislature, they were not intentional. I did the best I could to uphold the rights and liberties of the people. I did all I could by my vote and influence to preserve to the people the religious and other rights handed down to them by their forefathers, and I promise to do all in the future that lies in my power to preserve these rights."

The chairman arose and said that the convention had acquitted itself nobly and he could see in the faces of the democrats before him the earnest determination to elect the city ticket by such a majority as would stand forever as a rebuke to the charter-tinkers who had slandered the city in the state's legislative halls. He then declared adjournment in order, but the delegates would not have it that way, and loud calls for Mr. Scherer soon brought the mayor to his feet. He complimented the convention on having nominated the strongest ticket the city has had for years, which was a very gracious thing for his honor to say. He thanked the democracy for the honors it had bestowed on him in the past and closed by saying that though the last legislature "hadn't done a thing to him," he was still a loyal citizen and he was thankful that the Indianapolis statesmen had not legislated him out of his citizenship, as he hoped to remain in Fort Wayne as long as he lived. It was then announced that Mason Long, a life-long republican, had a few words to say, and the gentleman was given a courteous hearing. He said he had lived in Fort Wayne for thirty-six years and had always voted the republican ticket, but he wanted to congratulate the convention on having nominated the strongest ticket in the history of the city and one which he predicted would sweep Fort Wayne like a cyclone. And still the convention wanted to hear more and Chairman Shambaugh was forced to respond, and he was followed by Congressman Robinson, who expiated on the grandeur of home rule. The convention then formally adopted the rooster and circle as the official emblem of the party and adjournment was finally taken.

HENRY C. BERGHOFF.

Hon. Henry C. Berghoff, the democratic nominee for mayor, was born at Dortmund, Westphalia, Germany, January 6, 1856, and in boyhood received the best educational advantages then available. Graduating from the high school in his native town, the young man began his business career in the office of a large mercantile institution, acquiring here the foundation for the splendid executive abilities which have characterized his subsequent life. Later at Cologne, Mr. Berghoff occupied positions of trust in one of the largest banking institutions in Germany.

Coming to America in 1873 he located in Pittsburg, but a year later removed to Fort Wayne, where nearly thirty years of citizenship have won for him an honorable position in business, in public and in private life. For a year after coming to the city Mr. Berghoff was employed as an insurance solicitor for the S. C. Lumbard agency, and then took a position as bookkeeper for the A. C. Trentman wholesale grocery house, remaining from 1875 to 1881, when he took the local agency for the Moerlein Brewing company, of Cincinnati. Two years later, in 1883, Mr. Berghoff was elected city treasurer, a position which he filled acceptably for five years.

At the expiration of his third term in office Mr. Berghoff organized the Berghoff Brewing company, managing the large institution until 1892, when he became a candidate for treasurer of state, and made an aggressive though unsuccessful campaign for the nomination, which was captured by Albert Gall, of Indianapolis. Dropping out of politics for a time, Mr. Berghoff associated himself with Aaron Rothschild and built the artificial ice plant, now owned by C. R. Higgins. At the expiration of one year he traded his interest in the ice plant for a controlling interest in the Crescent Paper company, at Hartford City. He was made manager, rebuilt and improved the mill, which had been burned, and managed it with signal success for two years. He then returned to the city, sold out his interest in the paper mill and purchased the old Manning flouring mill, on East Columbia street. He sold the mill to H. W. Weigman in May, 1896, upon being appointed city comptroller by Mayor Scherer.

SPLENDID PUBLIC RECORD.

During three terms as city treasurer and two terms as city comptroller Mr. Berghoff has established a record against which even his political opponents have no word of criticism to offer. He is thorough, careful, far-sighted, conservative yet vigorous, and as a financier has few equals in this city. His administration of the public funds of the city has been unquestionably satisfactory in every particular and so well was this recognized that on two occasions when he was nominated for treasurer the republicans endorsed his nomination.

In 1896, when Mr. Berghoff was appointed comptroller, the tax levy was $1.15. Recognizing Mr. Berghoff's capacity as a financier, the administration gave into his hands the full management of the finance department, and the mayor's confidence in the comptroller has always been shared by the city council and the executive boards. As a result, the tax levy was cut down to ninety-five cents, without curtailing the city's progress in a single respect. In fact, an era of unprecedented improvement set in at the very time when Mr. Berghoff began to plan to lower the levy, and while improvements continued, the levy kept going down. Since he went into office the city has built, equipped, manned and maintained three new engine houses; has built ten miles of paved streets, and many miles of alleys, sidewalks and minor improvements; has almost completed a system of main sewerage costing nearly $300,000, and miles of lateral sewers and drains. Parks have been improved immeasurably, and over and above all this, the city has paid off $75,000 of its indebtedness and refunded $300,000 of interest-bearing bonds, at a reduction of 6 to 3½ per cent., and the sum of $30,000 has been laid away for a municipal electric lighting plant.

Mr. Berghoff favors municipal ownership of all public utilities; he believes the city should own all public franchises, but recognizes that conservative methods must be used in bringing about these conditions. He is opposed to burdensome indebtedness, public or private, and holds that revenues for the purchase of public utilities should be provided year by year, and not by placing a burdensome load upon the shoulders of one generation. His views upon all public questions are sound and practical, and his splendid business qualifications guide him in the transaction of all public affairs. Person-

HOW TO ECONOMIZE.

SOME men economize so closely on the number of words in a telegram that the receiver can not understand it. This is not sensible economy. Neither is it sensible economy to ruin garments of value with cheap soap or powerful chemicals that eat into the fabric. True economy uses Ivory Soap in the laundry. It is the most of pure soap that can be sold for the money. Chemically it is as innocent as water. Yet it does everything you can ask of a soap. Try it!

GAVE A RECITAL.

The pupils of Mrs. Jennie Ray Grimsby gave a recital in Kimball hall last evening, the program consisting of exercises and a number of readings, and the affair was a most pleasant one in every way. The program consisted of the following: "The Value of the Union," Miss Gertrude Schrader; "Conscious Power," Mr. DeHaven; "One Century's Achievements," Miss Ada Thomas; "First Battles of the Revolution," Mr. Fay Randall; "Paul Revere's Ride," Mr. Maurice Niezer; "Regulus to the Roman Senate," Mr. Burris; "A Message to Garcia," Mrs. DeHaven; "Victor Hugo on the Death Penalty," Mr. Remmert; "Eulogy on Daniel Webster," Mr. O'Brien; "Supposed Speech of John Adams," Dr. E. J. McOscar.

IN DEAD EARNEST.

(Peru Republican.)

A. N. Dukes says that the Dietrich syndicate is in dead earnest in building the towpath road from Lafayette to Fort Wayne. They now own gas plants at all the Wabash river county seats and intend to tap the coal fields of Fountain county to supply all their gas towns with cheap fuel when the gas gives out, which is only a question of a short time. They have a new process of manufacturing fuel gas from coal slack which is nearly as cheap as natural gas, and as their mains are already laid they will utilize them in distributing the coal gas.

AN IDEAL OFFICER.

(Columbia City Post.)

Hon. Henry C. Berghoff will be the next mayor of Fort Wayne. He is the unanimous choice of the democrats for the place. The republicans have no hope of defeating him, realizing as they do that the act of the last legislature, depriving the citizens of that city of the right of self-government, has damaged their party prospects to a very great extent. Besides they know that Mr. Berghoff will make an ideal officer.

The nineteenth annual meeting of the Northern Indiana Teachers' association opened this afternoon at Anderson. About all the teachers in the city schools are in attendance at the sessions, which will continue until Saturday.

"SO DROWSY."

When True Natural Sleep Comes.

Actual changes take place in the little corpuscles of the blood and these changes are brought about by change in our habits. For instance, the coffee habit is said to produce a thickened condition of the blood, that is, under the microscope the little round corpuscles show apparent fibres, an unnatural condition, which makes trouble with the heart in cases of coffee poisoning. It also affects the complexion, frequently bringing on heart disease in some cases and stomach and bowel troubles are common with coffee drinkers.

"Coffee treated me very badly, indeed. I got so I could not have a good night's rest and had not for five years. My eyes and complexion were duller than my mother's, who was also a great coffee drinker.

"Physicians told me I had acute kidney and bladder trouble. I was nervous almost to the verge of hysteria, and my memory failed me. I had grown so thin I was little more than a shadow and people were continually asking me how much younger my husband was than myself. (So comforting to a woman, you know.) In truth, he is five years my senior.

"Well, as a forlorn hope I left off coffee and took up Postum Food Coffee about a year ago. I soon became so sleepy that I could scarcely stay awake long enough to take care of my baby. I did not realize that I was sleeping naturally and making up for lost time. Finally I got pretty well 'slept up,' the drowsiness disappeared and I felt a decided improvement in health. In 3 or 4 weeks I was quite well and only needed to regain my flesh and complexion. I waited very patiently for an improvement in these conditions, but it was about 5 months before I was rewarded; then an almost instantaneous change took place and my complexion became clear and rosy. I gained in weight quickly and friends and neighbors commented on the remarkable change.

"I have been constantly growing better and now am feeling in finer condition than ever before in my life, and I can surely say that I owe it all to leaving off coffee and using Postum Food Coffee.

"My sixteen year old sister, like myself, drank coffee from a child. For the last four years she was able to go to school only a part of the time and the doctor said she should not study at all. I induced her to quit coffee and now her bright eyes and fresh, fair complexion show the result."

It will be noticed that it took some months before this woman secured the result she wanted in the matter of complexion and flesh. The change from coffee produces a change in this particular within a month usually, but it is evident, in her case, that it required time to change the corpuscles of the blood, and that when that change was made the recovery was very rapid.

PERFECT ORGANIZATION.

The organization of the Ice Wagon Drivers' and Helpers' union was completed last night and the following officers were elected: President, Harry B. Beyerle; recording secretary, Charles Stahlhut; secretary-treasurer, Frederick Schaefer; journal correspondent, Isidor Hueber; conductor, William Coudert; warden, William F. Manary; trustees, August Becker, William Coudert, George W. Johnsen; delegates to Trades and Labor council, August Becker, Richard Vachon, Isidor Hueber, Fred Schaefer and Harry G. Beyerle.

A charter will be secured from the National Team Driver's association and the meetings will be held Friday nights in Schele's hall, Pearl and Harrison streets. At the meeting last night addresses were made by members of various trade unions.

REACHING THE SPOT

It Can be Done, so Scores of Fort Wayne Citizens Say.

To cure an aching back,

The pains of rheumatism,

The tired out feelings,

You must reach the spot—get at the cause.

In most cases 'tis the kidneys.

Doan's Kidney Pills are for the Kidneys.

Mrs. Fred Faiffer, of 23 Schick street, says: "My back ached all the time and caused me much suffering. At the same time I had other symptoms common to disordered and weak kidneys and I was so lame I could not stoop. Doan's Kidney Pills, sold at Meyer Bros. & Co.'s drug store, cured me."

For sale by all dealers, price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Aguinaldo is permitted to see anyone he wants to see—excepting newspaper men. This is a restriction on the freedom of the press. The country demands an interview with Aguinaldo, stating how he feels since he took his last oath of allegiance, and just how long he means to keep it. After his previous efforts in the oath-taking business he ought to be able to say just how long an oath will stick.

HENRY C. BERGHOFF.

In making Mr. Henry C. Berghoff its candidate for mayor we believe the democratic party presents to the people of Fort Wayne a man who may be trusted with the affairs of the city's government. We believe he is a candidate who possesses such qualities as will invite the genuine approval and earnest support of many citizens who are not of his political party. We believe he is a candidate upon whom democrats may confidently rely to add to the good repute of the party, raise its prestige and enlarge its civic usefulness. We believe that he will make a hard-working, painstaking, conscientious, sensible and progressive mayor. We believe he will uphold the laws and administer the affairs of the city's government for the largest welfare of the people and the good name of the community.

The democratic party has never presented a mayoralty candidate who is better equipped at all points for the duties of that high office than Mr. Berghoff. He has had large experience in municipal affairs, he is singularly clear-headed and practical in the business concerns of city government and to an eminent degree a man of vigorous executive character. He will administer the government of Fort Wayne intelligently, progressively and economically. His mind is highly trained to the grasp and direction of financial matters, a qualification that has been wanting in most of the men who in later years have served the city in the chief executive office.

In personal character Mr. Berghoff is without reproach. He is honest and strikingly courageous. He is independent without being arrogant and while not the sort of man who thinks himself superior to advice he cannot be bossed or controlled by any man or any element.

How far it will fall within his province to enforce the laws that regulate public order cannot be stated until the fate in the courts of the charter amendments is known, but if it falls out that he is charged with administration of those laws we believe he will perform his duties with courage and firmness.

Mr. Berghoff will make a good mayor and we feel sure that under his administration the city will prosper, progress and achieve a good repute as a law-abiding and well-governed city.

THE PLATFORM.

The platform adopted by the democracy of Fort Wayne makes the principles involved in the charter amendments the "paramount issue," if vigor and length of treatment may serve as a criterion. No one who is a good American citizen will gainsay that the right to enjoy home rule is vital to the preservation of our institutions. The best argument that future democratic administrations in this city can put forth on that matter is to prove that the city gains all and suffers none by the enjoyment of home-rule. We believe the democratic party of Fort Wayne will henceforth insist that the men it elects to office shall be mindful of and obedient to their oaths to uphold the law and serve the people as common sense as well as conscience dictates. The platform sets out some high principles of self-government that can be conserved only by coupling with devotion to them the duties those principles impose.

The plank on enforcement of the laws says:

"We believe in and pledge ourselves to administer the government in a manner that shall at all times secure such an enforcement of and obedience to the laws of the state and the ordinances of the city as will conserve the good order of society, the security of property, the safety of life and the preservation of public morals."

That may mean much or little. It depends on the man who is charged with carrying out the pledge. It may be narrowed to nothing or amplified to a policy that comprehends the whole duty of an official charged with enforcement of the laws. We have confidence that if Mr. Berghoff is clothed with authority to enforce the laws he will place the right kind of a construction on that section of the platform.

On three other questions the party takes good ground. It favors a municipal lighting plant, and the regulation of street franchise grants in such manner as shall safeguard the interests of the people without antagonizing the just rights of traction corporations. The pledge to encourage interurban electric roads is highly important, and a wise policy founded on that declaration will mean much to the city.

The platform in all essential particulars is good, but—the value of its observations depends, as Captain Bunsby would say, "on the application of them."

HAVE IMPORTANT MATTERS

BOARD OF WORKS TO MEET THIS EVENING.

Will Pass a Resolution for the Paving of Hanna Street—Tunnel Matter Scheduled.

The board of works will meet in regular session this evening and among other things a resolution will be passed for paving Hanna street, from Wayne street to Creighton avenue. This will be the largest single job of paving to be done this year and the board wants to get an early start on it. The street will be paved to different widths according to the demands of traffic at various points. Another matter set for tonight is the Harrison street tunnel matter. The Wabash officials have not been heard from since their visit two weeks ago and it is not known what kind of a proposition they will have to make at tonight's meeting. Meantime City Attorney Shambaugh has looked up the law on all the disputed points and will hold that the city can order the improvement at once and that the Wabash grounds of contention will not stand in court. Meantime no conjecture can be made at this time of the proable action of the board, as the company may be ready with a compromise. The city will agree to anything reasonable to avoid litigation, but it has been decided that the street in any event must be opened.

ABOUT THE CITY HALL.

Work on the intercepter was resumed all along the line again last night, the water in the river having subsided sufficiently to allow the placing of gangs in the different shifts.

The superintendent of asphalt street repairs reported to the board of works that the work of repairing Calhoun street would be commenced within ten days. The company's representatives were in the city yesterday and went all over the line of the street and found the general condition much better than was expected. When the present breaks are repaired and a few other spots are gone over the experts believe the pavement will be as good as any in the city. It is, of course, understood that all repairs during the next eight years must be made as the board directs and without a cent of cost to the city.

A case of scarlet fever has been reported at No. 50 East Creighton avenue.

Building permits have been issued to Phil H. Wyss to erect a frame house on Force street to cost $600, another one on the same street to cost $400, and one on St. Martin street to cost $600; to J. C. Miller to erect an addition on Runion avenue at a cost of $400.

The annual reports of the city departments have been printed and are now being distributed.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

BUFFALO BILL COMING.

Lake Shore and Pennsylvania local officials have received instructions to prepare to handle the Buffalo Bill Wild West show in June. It will come in here over the Lake Shore, give an exhibition June 12, and leave on the night of that date for the west over the Pittsburg road.

ABOUT THE COURT HOUSE.

In the superior court David Leininger and five other of his brothers and sisters have commenced suit against Jennie and Theodosia Leininger and John D. Alleger, to set aside the will of Theobald Leininger, deceased. The decedent lived in Jackson township and owned several farms in the vicinity, besides having moneys, notes and other personal property. In his will he bequeathed all his property and cash to his daughter, Theodosia, and his wife, Jennie, naming John D. Alleger as his executor. The other children, plaintiffs in the suit, were cut off with a bequest of $5 in cash each. It is to set aside this will, which they claim is unjust and was produced by undue influence, that the suit is brought.

Mary E. Johnson has commenced suit against Richard M. Johnson for divorce. The suit is filed in the superior court.

The county commissioners last evening appointed the following road superintendents, to conform to the road law as amended by the last legislature:

Third District, by C. E. Orff—Holmes road, 7½ miles long; Leesburg road, 6 miles, Henry Buermann, superintendent. Romy road, 2¾ miles; Huntington and Liberty Mills road, 12 miles, Jesse Crouse, superintendent. Decatur road, 12½ miles, Christian Kleeber, superintendent. Simons road, 2½ miles; Bluffton road, 7 miles, Christian Korte, superintendent.

Second District, by M. L. Moudy—Maysville road, 6 miles; Maumee road, 7½ miles, John Goeglein, superintendent. Hicksville road, 5½ miles, H. Berning, superintendent. Auburn road, 3 3-5 miles; Leo road, 7 miles, Joseph Tonkel, superintendent. Lima road, 10⅛ miles, Florentine Roy, superintendent. Goshen road, 12 miles, Henry Fortmeyer, superintendent.

First District, by August Schnitker—Van Wert road, 9 miles; Hoffman road, 1 mile, August Pepe, superintendent. New Haven road, 3½ miles; Fort Wayne and New Haven, 4½ miles; Wayne Trace, 3½ miles, Christian Schlaudroff, superintendent. Parent road, 7½ miles; Stellhorn road, 2¾ miles, Henry Stellhorn, superintendent. Jones road, 3½ miles; East Liberty road, 4½ miles; Hoffman road, 1 mile; Peters road, 2 miles; Flat Rock road, 1¼ miles, Jasper W. Jones, superintendent.

In the case of Mygrants vs. the Fort Wayne Traction company an examination of the defendant was ordered for April 10.

In the case of Harrison vs. Knough a motion for a new trial was overruled.

In the circuit court Judge O'Rourke granted a new trial in the case of Ryan vs. the Phoenix Accident and Sick Benefit association.

A. C. Neirman, elevator man, has been off duty on account of illness since Monday.

The case of Isora Logan vs. Willis Doolittle for damages has been dismissed in the circuit court.

In the superior court the cases of Rosseau vs. Vaught and Rose vs. Poorman have been dismissed.

The case of Schlatter vs. Miller has been set for trial April 12 by Judge Aiken.

Louis Brames was this morning given a judgment against William Hoch for $110.23.

In the case of Watson vs. Henderson Judge Aiken this morning issued a decree quieting title.

Judge Adair, of Whitley county, is sitting as special judge in the superior court in the cases of Grice vs. the United States Mortgage and Loan company and Trentman vs. Trentman.

John Belot today resumed his desk in the county clerk's office for the first time since the death of his wife.

The county commissioners today occupied their newly decorated room. The quarters are among the neatest and in every way the nicest in the magnificent building. The attention of the board was today occupied by road matters, the McCormick road in Eel River township and the Surface road in Perry township being up for consideration. Against the latter there is a remonstrance, but nothing was done in regard to either up to the time of The Sentinel going to press today.

THE SITUATION IS UNCHANGED

STRIKERS ARE DETERMINED TO HOLD OUT.

Decline to Accept Scale Submitted by Bosses—Little Prospect of Settlement.

The striking paper hangers and painters have unanimously refused to accept the scale conceded by the bosses, which was submitted through the mails yesterday, and the strike situation is practically the same. Settlement seems far off, as both sides have taken a decided stand and the contracting painters and paper hangers have announced that they will make no more concessions. The bosses claim that by complying with the demands of the strikers they would be obliged to pay the same rate to good workmen and poor workmen alike, and this they positively decline to do. The contractors state that they are perfectly willing to pay the paper hangers by the roll instead of by the hour, and in this way remunerate a man according to his ability, but they will not pay a poor workman good wages.

The strikers say they have received every encouragement in their course and they claim that there are less than twenty men working in the city who are eligible to membership in the Painters' and Paperhangers' union. Committees from the union visited a number of places where painters or paperhangers are working, yesterday, and induced a number to join their ranks. They say they are determined to hold out until the bosses sign the scale promulgated by the union and that they will decline to consider any other proposition.

BOOKED MANY ATTRACTIONS

FOR THE ELKS' BIG CIRCUS IN JUNE.

Manager Rankin Says the Show Will Make the Professional Concerns Appear Frazzled.

R. O. Rankin, who is general manager of the big circus of the Elks to be given in Fort Wayne in June, returned last evening from Chicago, where he saw and arranged for the reproduction in this city of several sensational aerial novelties, and booked a lot of excellent concert talent for the Elks' exhibition.

Four regular circus tents were contracted for, and they will cover about two acres of ground, with seats for 4,000 people. One thousand of these are reserved seat-style elaborately upholstered. Manager Rankin is positive in his opinion that the Elks' show will make the professional exhibitions appear extremely diminutive.

Omega Oil

What It Looks Like

Here is a picture that shows how Omega Oil looks in the drug store. The wrapper on the outside of the bottle is always printed in green ink. The trade mark is a leaf, as the picture shows, with these words upon it: "Omega Oil. It's Green." Down near the bottom is the written signature of Higinio Espinosa, which is a guarantee that the contents of the bottle are genuine. Never under any circumstances buy a liniment unless this trade mark and name are on the wrapper. Never patronize a druggist who tries to sell you something else when you ask for Omega Oil. Beware of any other oil gotten up to deceive you. Always trade at stores where they give you what you ask for. Omega Oil stops all pains in the back, shoulders, arms, elbows, wrists, legs, knees, ankles and feet. It is good for everything a liniment ought to be good for. Rub it in good and hard, and the pains will go away quickly.

All druggists sell Omega Oil, or can get it for you of any jobber if they want to. If your druggist refuses to sell you this liniment that stops pain, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, for 50c. in cash, money order or stamps. 749

BERGHOFF LEADS

(Continued From Second Page.)

ally, Mr. Berghoff is warm-hearted and loyal to his friends, staunchly defending men and measures which he believes to be just.

It would be superfluous to say that Henry Berghoff is an honest man. His record is too well known to make comment necessary. In all his years of service, in charge of the public funds, not the remotest question has ever been raised as to his probity of character. More than that, not a question has ever been raised as to the wisdom of any one of his official acts. His honor, his ability nor his wisdom have never been questioned.

AUGUST M. SCHMIDT.

August M. Schmidt possesses to an admirable degree the qualifications requisite for a competent administration of the office of city clerk. And the duties of this office are both arduous and complicated.

Mr. Schmidt was born in Baltimore, August 8, 1860. Two years later the family removed to LaGrosse, Wis., and shortly after to Decorah, Iowa. After several years they again removed to St. Louis, where Mr. Schmidt received his early education, and in 1875, at the age of 15, he was sent to Concordia college, in this city to complete his studies. In 1880 Mr. Schmidt was graduated with high honors, and at once took a position with the hardware firm of Prescott Bros., then located at Clinton and Columbia streets.

After one year Mr. Schmidt entered the service of the Wabash railway as freight clerk, and his rise in railway circles was rapid. In 1882, upon the resignation of Capt. H. M. Diehl as special detective, Mr. Schmidt was appointed to that position. Early in 1884 he was made night yardmaster, and a few months later was made general yardmaster, holding that position until 1895, when he embarked in the insurance business. In May, 1896, Mr. Schmidt was appointed clerk of the municipal boards, holding that position until the adoption of the charter amendments legislated him out of office.

There can be no doubt of the fitness of Mr. Schmidt for the office to which he has been nominated. He is a thorough accountant and is fully acquainted with the detail of the work of the position. In his capacity as clerk of the boards he has demonstrated that judgment and tact have been combined with educational qualifications, and his administration has been eminently satisfactory. Personally he is agreeable and accommodating, and enjoys in the largest measure the friendship and good will of the public.

He is widely known and for many years has been connected with a number of local building and loan associations which have been largely benefited by his executive ability and business management. He is also well known in musical circles, and will have the unqualified endorsement and support of a very wide constituency, for his ability and worth is universally recognized.

HON. G. W. LOUTTIT.

Hon. George W. Louttit, who has been nominated for municipal judge, is one of the best known younger attorneys of the city. He was born at Dayton, Ohio, June 30, 1868, but came to Fort Wayne with his parents in 1870 and this has been his home continuously since that time. He was educated in the public schools of the city, and worked in the Olds Wagon works and in brick yards to obtain funds to complete his legal education. Mr. Louttit entered Michigan university at Ann Arbor in 1889, taking the full legal course, and was admitted to practice in the courts of this city in 1890. A year later he was admitted to practice in the United States courts.

Mr. Louttit was elected a representative from Allen county to the state legislature in 1898, and again in 1900, and put forth marked energy and ability in looking after the interests of his constituents. At the last session he was defeated for the democratic nomination for speakership by one vote. In both sessions of the legislature he introduced resolutions favoring the election of United States senators by direct vote of the people and in the last session presented a resolution asking for home-rule for cities. He also fathered the bills empowering Fort Wayne to build a new high school, and also the measure for the enlargement of the province of the school for feeble minded youth, the latter bill carrying with it an extra appropriation of $40,000 for carrying out the provisions of the act.

Mr. Louttit was married at Urbana, Ohio, December 26, 1888, to Miss Gertrude L. Britton. In his professional career Mr. Louttit has been a careful and studious practitioner; politically he has been unswervingly a democrat.

Richard W. Phair, being duly sworn, deposes and says: That he is one of the firm of R. W. Phair & Co., consisting of himself and Carl B. Franc and carrying on business at No. 16 Platt Street, in the city of New York, in the county and State of New York, that his firm has been supplying the

Egg Baking Powder

Company, of the city of New York, with the product known as Egg Albumen, that the said Egg Albumen is to his certain knowledge Egg Albumen made from the whites of eggs, and that the same is commercially known as Egg Albumen, and, further, that the said product is an imported article of the highest grade.

R. W. PHAIR.

Sworn to before me this 20th day of December, 1900.

(SEAL) ALBERT F. BERTINE, Notary Public, New York City.

THE DEMOCRATIC PLATFORM.

The democratic party of the city of Fort Wayne, in convention assembled, does hereby commit itself to the following beliefs and declarations:

As a part of the great democratic party of the United States it is composed of citizens from all the walks of life, but its great body is comprised of the masses of the people, the toilers and producers, who make the wealth, promote the growth and sustain the greatness of this nation. They are law-abiding and liberty-loving citizens, and as such hold in decent respect the restraints of law as they cherish a jealous regard for the rights vouchsafed to every citizen of this republic. They believe unqualifiedly in a republican-democratic form of government such as the constitution of the United States guarantees, and in a local self-government to such extent as the constitution of the state of Indiana has made provision for it and the supreme court of Indiana has upheld it.

UPHOLD HOME RULE.

Being thus and believing wholly in these things, the democrats of the city of Fort Wayne, together with many of their fellow citizens who are not democrats in name nor by party affiliation, with courage, honesty and firmness hold that they or any other concordant majority of citizens have a right unassailably guaranteed by the constitution to say, free from the intervention or interference of the legislature who shall control and administer in matters purely local to this community and in which the chief executive of the state of Indiana can have by virtue of his authority no official interest or responsibility.

The democratic party of Fort Wayne believes and declares that the constitution of the state guarantees to the people of this city the right to choose by popular vote the person in whom the judicial power of the city is vested and that any attempt to deprive them of such right by the hypocritical, transparent and vicious subterfuge of a "legislative vacancy," to be filled by a partisan governor is not only a base prostitution of political power, but a wicked and perilous contravention of the rights guaranteed by the constitution, and therefore unconstitutional.

We believe that any attempt on the part of the state legislature to divest the people of any of the rights and privileges of local self-government guaranteed by the constitution is a wanton and dangerous invasion of the sacred domain of popular liberty, and not to resent or oppose it would be to invite and encourage the repeated encroachments upon, and finally the subversion of the legally established forms of municipal government to make way for the erection of feudal political estates that cannot be created nor made to survive without invoking the powers of a partisan legislature.

AMENDMENTS DENOUNCED.

Therefore, the democratic party of Fort Wayne, in convention assembled, hereby with honesty and in candor, denounces without qualification and condemns without stint the "charter amendments" passed by the late legislature, and challenges the champions of these iniquities that have been presented in the sacred and dignified forms of law to go before the people of this good community to justify or palliate this outrage upon popular liberty and this brutal assault, this shameless prostitution of the good name of the city of Fort Wayne by men who, by their words and deeds are no citizens of this city, self-slandered before the world.

The democratic party of Fort Wayne condemns and denounces the provisions of the bill that singles out Fort Wayne as the only city in the great state of Indiana to be denied charge and control of its own fire department and the right to select its own judiciary.

We believe the assumption by the legislature of the power to invade the province of local self-government in such ruthless manner as has been done in the case of Fort Wayne is not only unconstitutional, but that the supreme court of Indiana has repeatedly so held in other cases of like tenor.

POINT TO THE RECORD.

The party here assembled makes no boastful declaration of what it has done, but with modest pride and unhesitating confidence asks the people to pass judgment upon the open record of its achievements in the stewardship of this city. By its works it is known to all men, and gives as pledge for the future its faithful redemption of its pledges heretofore. The city of Fort Wayne has been administered upon plain business principles by the application of sensible and well appointed business methods, and the progress it has made within the past ten years cannot be matched by any other city in the state of Indiana. Public improvements of every practical and desirable sort have been devised, inaugurated and extended. Public buildings have been erected, parks have been acquired, enlarged and embellished, the fire department augmented to many times its size and efficiency of ten years ago, and in short the people of Fort Wayne are substantially provided with all the means to serve public convenience, necessity, security and pleasure that the public interests have demanded.

THE FINANCES OF THE CITY.

We congratulate the people upon the city's financial condition, and assert without fear of contradiction that for the variety and character of public improvements and within the time, there is no other city of equal population in the United States that maintains a lower tax levy upon a lower assessed valuation of property than does the city of Fort Wayne.

PLEDGES FULFILLED.

We further congratulate the people upon the faithful fulfillment of the pledges made in convention assembled on April 7, 1900. We again pledge ourselves to give to the people an economical government, a progressive administration of public affairs and to apply to all departments as heretofore methods that command the approval of good sense and honesty.

ENFORCEMENT OF THE LAWS.

We believe in and pledge ourselves to administer the government in a manner that shall at all times secure such an enforcement of, and obedience to, the laws of the state and the ordinances of the city as will conserve the good order of society, the security of property, the safety of life and the preservation of public morals.

FAVOR MUNICIPAL LIGHTING.

We declare ourselves in favor of the city owning and operating its electrical lighting plant and pledge ourselves to the erection and the equipment of such a plant at as early a day as the finances of the city, administered with that object in view, will permit; said plant to be in operation, if possible, at the time of the expiration of the coming administration.

AS TO PUBLIC FRANCHISES.

The streets and alleys belong to the city and no person, company or corporation is authorized to use the same for private gain, without permission, consent and authority of the board of public works and common council. We favor the granting of franchise privileges when they are matters of public necessity or utility, but not otherwise. In making these concessions, we pledge ourselves to a policy of reciprocity, which is to say that for each franchise granted a reasonable compensation is to be made, and that all franchises be granted for a limited term of years.

FAVOR INTERURBAN RAILWAYS.

We favor and pledge ourselves to the maintenance of such a policy as shall encourage and nurture enterprises of every kind that will promote the growth and enhance the prosperity of the city of Fort Wayne and her people. To that end, therefore, we pledge ourselves to encourage the building of interurban and suburban roads. We pledge ourselves to the adoption and enforcement of a policy that will give to Fort Wayne interurban street railroads and likewise to the building and extension of city lines, keeping in mind at all times the rights of the city and its people and the safeguarding of their interests.

We congratulate the people of Fort Wayne upon the encouragement that has been given to interurban railway enterprises and sincerely hope that the efforts that have been put forth to promote the success of these projects will in time meet for distant hour a full fruitage of prosperity for all.

BULLET MISSED THE CZAR

ANOTHER ATTEMPT ON HIS LIFE REPORTED.

It Comes From Vienna and is Thought to Be a Rehash of the Story Sent From Kief.

London, April 4.—A special dispatch from Vienna says a report is published there that an officer of the guards entered the czar's study yesterday and fired at him with a revolver. His majesty was not hit, the dispatch adds, and the officer committed suicide.

The story is doubted and is evidently a resuscitation of the report contained in a dispatch to the Morning Leader, of this city, from Kief, April 1, which said that an officer of the czar's household had attempted to assassinate his majesty by firing at him, missed the czar and then shot himself before he could be arrested.

ARRESTED FOR EMBEZZLEMENT.

This morning Detective Colling arrested Ralph Dunlop, aged 16, charged with embezzlement. He had been in the employ of C. J. Littleton, the Barr street fish merchant, and had collected various bills from customers, for which he failed to give credit and also failed to turn in the money. Mr. Littleton does not know what the amount of the peculations is, but he has evidence of between $5 and $12 has appropriated. Young Dunlop was taken before Acting Mayor Hellerman this afternoon and bound over to the circuit court in the sum of $200.

MARRIED TUESDAY NIGHT.

IN JUSTICES' COURTS.

Joseph Netterfield filed an affidavit in Bullermann's court against Mrs. P. Lawrence, living along the Illinois road for wrongfully detaining a dog the property of Netterfield and valued at $30. The dog was returned and the case was dismissed upon Mrs. Lawrence paying the costs. She said the dog came to her home and refused to go away and that she had no intention of wrongfully appropriating the animal.

In the Shannon vs. Funk dog cases in the same court yesterday, a plea of guilty was entered in one case and the other cases were compromised.

To the Mothers and Fathers.

No matter how many essays you may read your boy on independence and self-reliance, nothing will develop that cardinal virtue in him so quickly and effectually as a suit of new, stylish, becoming and good-fitting clothes. The instrument is in easy reach. The price is reasonable. If your boy is bashful, is a wall flower, would rather go fishing on Sunday than mingle with the best young people of the city at church. It may be that you are to blame. It may be that you are not as careful about his clothing as you should be. We do not mean to say that "Fine feathers make fine birds." But we do say that good clothing will make a boy willing to associate with the best people, and that is the making of the boy. The old saying that "It is hard for one to rise above their environments" is very true, especially with boys.

NEWS OF THE DIAMOND

For a week or more a list of players purporting to be on the claim lists of the various clubs in the Western association has been going the rounds of the press. This list was simply a dream of some ambitious base ball writer and has caused considerable confusion and unnecessary inquiry of President Meyer. The correct list, as on file in President Meyer's office, corrected up to April 2, is presented herewith and is now printed for the first time. It will be observed that Manager Watkins, of Indianapolis, has not yet sent in his, but the others are as follows:

COLUMBUS—Sayers, Tarbell, Locke, Van Buren, Frank, Hale, Smith, Endslow, Zinram, Oikashaw, Shires, Cockman, Downey, Grant.

MARION—Thomas Turner, Lyons, W. H. Taylor, Manley, William Congalton, Bitter, Boyd, Beall.

FORT WAYNE—Babb, Mattress, Miller, Starmey, Jacobs, Frank Quinn, Chuck Fleming, Rankey, George Miller, Murphy, Fuller, Tex. Mahan, Fricken, Ames, Lament, Daniels, Mahan, Vickers, Mahn, Seasions, Mark McQuade, Housiin, Seale, Horsley, Hart, Rapp, Frank Hemphill.

LOUISVILLE—Wilmot, George Smith, Lally, Boudelin, Zolnski, Frasier, E. Hickey, McCoun, E. H. Corbett, Crill, Mance, Phil Ehret.

TOLEDO—Hartman, Vizard, Silcott, Gundinger, Clark, Cater, Tuck Turner, Joss, Popp, Walthers, Nans, Price, Cargo, Schaetzke, Fisher, Timrick, McIntyre, Grafius, Pardee, Arthur, Sassman, Eve Beck, Reville, Alexander, Strickleit, Butler, Ewing, Gilks.

GRAND RAPIDS—Fred Holmes, Baney, Heldebe, Cooper, Frisk, Luther, Frish, Jones, Nelson Mason, John McCallister, John Mahaffey, Robert Drury, D. J. Mahaney, Peter McCormick, Adam Schneurman, Thomas C. Williams, John F. Mulligan, Charles Frech.

DAYTON—D. T. Gawley, O. O. Porter, H. Spoel, Otto Beam, Bert Shiels, Bill Smiach, George Gossett, Rade Myers, O. P. Gochnour, E. Wheeler, Al. Miller, C. Wright, J. J. Burns, R. K. Wicker, Frank Donnelly, H. H. Durham, Fred Ruber, Bert Jones, Pat Cotter, Charles Cogswell, Oscar Streit, William Bowman, Kid Williams, Charles Watkins, George Gilpatrick, John Ogee, Thomas Conesey, John Flournoy.

The base ball promoters in Grand Rapids are having rather a hard time getting a team together, owing to having commenced so late in the season, and they are out with a proposal that the other teams of the league divvy up with them.

Ex-President C. B. Power, of the American association and the Inter-State league has had all the base ball he wants for a while. He has notified the promoters of the proposed new Inter-State league that he couldn't possibly accept the presidency of the proposed organization on account of other business.

Cincinnati Enquirer: "William Bergen, the young catcher who is expected to help out behind the bat here this season, registered at the Honing late last night. Bergen is in fine physical condition and will report today for practice. His brother, the late Marty Bergen, of the Bostons, was the greatest catcher of his day. The young man who is now under contract to the Reds played with Fort Wayne last year in the Inter-State league. All the players who have seen him say that he is a wonderful thrower and backstop."

The following directors of the Columbus Base Ball company have been elected: T. J. Bryce, C. Edward Born, S. B. Nace, Dr. J. F. Jones, John Peirano and E. S. Barnard. The directors organized with T. J. Bryce, president; C. Edward Born, vice president, and S. B. Nace, secretary. Frank Motz, of the old Indianapolis first team, has signed a contract to manage and captain the Columbus team.

Comiskey, of Chicago, says he will enjoin Outfielder John Heidrick from playing with the St. Louis National league club. Comny says Heidrick signed with Chicago, and he further announces that he will force him to play in Chicago or get out of base ball.

President Charles Zimmer, of the Players' Protective association, is charged with playing into the hands of the National league, and Vice President Somers, of the American league, claims to have proof of this. It is said that Zimmer influenced Wallace, Heidrick, Flick and McFarland to remain with the National, and Somers says he has a letter from "Cy" Young stating that Zimmer had wired him (Young) to remain at Hot Springs until Zimmer went there with Pittsburg.

Yesterday the evening papers announced with a great flourish of trumpets that Ringling Bros.' circus would delight the heart of the small boy in Fort Wayne on the 29th inst. This morning Mr. Coxey, representative of the Ringlings, received a telegram telling him to cancel all dates in this territory. The late spring and the storms in the east have combined to prompt the proprietors to change their route and they will go south for the spring. They promise to come here some time in July or August.

IN POLICE CIRCLES.

Mayor Scherer having gone to Elgin, Ill., to attend the funeral of a relative, Justice Bullermann officiated at police court this morning. There was only one candidate for judicial clemency and he was a very meek individual, who gave his name as John Brown and was slated for drunkenness. He was not at all like the John Brown who came in on a Lake Shore train yesterday afternoon very drunk. Mr. Brown wanted to ride on the engine and finally offered to compromise by cleaning out the depot. He didn't ride on the engine, but this morning he rode on the "Lillie" as he went over for eleven days.

There have been several cases of dog poisoning in the east end lately and yesterday another valuable hunting dog went to the happy hunting grounds by the dog button route. The police have been investigating and think they have located the vandal and the arrest will be made as soon as a necessary witness returns to the city. The poisoning always occurs when the suspected person is enjoying a lay off from work, and this, with other facts, the officers think, will determine the case.

THE MARKETS.

Chicago, April 4.—Following the speculative tomah of yesterday the grain markets at the start today seemed quiet. In corn the life seemed to have spent itself, while professional bears were unwilling to attack prices in view of the notable steadiness at Liverpool, which failed to respond appreciably to the weakness here yesterday. May corn opened ⅝c to 1⅛c higher at 42c to 43c, reacted to 42⅜c and rallied to 43¼c. There were no heavy individual trades. Receipts were 285 cars, 38 of contract grade. July was in good demand at about ½c to ⅝c premium over May.

Wheat was quiet early. May opened ½@⅝c higher to a shade higher at 72¾c to 72⅞c and gradually worked off to 71⅝c on selling by elevators. Local receipts were 95 cars, none of contract grade, while Minneapolis and Duluth reported 238 cars against 343 last week and 467 a year ago.

Oats were quiet but firm in sympathy with corn. The demand came largely from local shorts. May opened ½@⅝c higher at 25c to 25¼c and sold to 25⅛c. Receipts were 334 cars.

Provisions opened firm on light offerings, but soon turned easier on selling of lard by a packer. May pork opened unchanged at $15.45 and sold to $15.20; May lard 2½c higher at $8.50, touched $8.62½ and then reacted to $8.40; May ribs opened 2½c up at $8.27½, touched $8.30 and dropped to $8.85.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 71¾c; May, 72¼c; July, 72⅝@72⅞c.

Corn—April, 42¾c; May, 43¼c; July, 45½c.

Oats—April, 25¼c; May, 25⅝c; July, 26⅜c.

Pork—April, $15.10; May, $15.20; July, $15.07½.

Lard—April, $8.55; May, $8.42½; July, $8.25@8.27½; Sept., $8.27½.

Ribs—April, $8.20; May, $8.20; July, $8.12½; Sept., $8.10.

Flax—Cash N. W., $1.55; No. 1, $1.55; May, $1.54; Sept., $1.16.

CHICAGO LIVE STOCK.

Chicago, April 4.—Cattle—Receipts, 5,000; market steady. Good to prime steers, $5.00@5.95; poor to medium, $3.80@4.80; stockers and feeders, $2.65@4.75; cows, $2.75@4.40; heifers, $2.80@4.00; canners, $2.00@2.75; bulls, $2.75@4.45; calves, $4.75@6.20; Texas fed steers, $4.20@5.25; Texas grass steers, $3.30@4.00; Texas bulls, $2.60@4.00.

Hogs—Receipts today, 21,000; tomorrow, 20,000; left over, 2,450. Market steady, closing stronger; top, $6.02½. Mixed and butchers, $5.90@6.17½; good to choice heavy, $6.05@6.22½; rough heavy, $5.90@6.00; light, $5.85@6.12½; bulk of sales, $6.00@6.10.

THE DAY ON WALL STREET.

New York, April 4.—There was eager buying all through the list at the opening which carried prices buoyantly upwards from 1 to over 3 points in the most prominent stocks. London buying helped the advance, especially in the Trunk lines, St. Paul and Louisville, in which the advances run from 2 to 2½, on running sales at varying quotations.

Rock Island sold a point below last night's close and on a parity with last night's figure on simultaneous sales and advanced above that later. People's Gas was carried up 1½ over last night. There were large blocks taken of Missouri Pacific at an extreme advance of 2½. Illinois Central was carried up 3½ by rapid stages. There were gains of 1 to 1½ scattered all through the list of railroad stocks and the high-priced industrials and specialties.

The only conspicuous exception to the upward tendency was United States Steel stocks, the preferred yielding ⅝, and the common rising only a fraction. The market continued very buoyant after the opening at further notable advances, but Union Pacific broke sharply after a fractional advance.

The rapidity and violence of price movements during the first hour was bewildering. About every stock of prominence fluctuated wildly and relapses and recoveries of a point or more were frequent. Heavy realizing caused a set-back in the stocks which had the most substantial gains at the opening. Meantime the industrials and steel stocks and minor railways were rising vigorously. Colorado Fuel gaining 4½, and Sugar, Tobacco, Iowa Central preferred, Baltimore and Ohio and Kansas and Texas 1½@2½. Rock Island then jumped to 105½, which caused the other Grangers to harden again.

Before 11 o'clock the market was breaking again wildly in spots. The declines from the best were Rock Island 4½, Burlington 3½, Delaware and Hudson 3, Tobacco 3½, Illinois Central 3½, Northwestern 2½, Missouri Pacific 2½ and a long list of others about 2 points. There were some violent rebounds again at the end of the hour.

Trading became moderate in volume and prices more stable. Prices worked upwards throughout, Burlington rallying 5½ to 180¾, Delaware and Hudson 4½ and the active list generally from 1 to 2½ points. The local traction stocks became buoyant under the leadership of Metropolitan Street Railway, which rose 6¾. Stocks of the investment class continued to be observed at notable advances over preceding sales.

American Coal sold 1½ above the last sale, St. Paul and Omaha preferred 1, Northwestern 3½, New Haven 2½, and St. Paul preferred 2 points.

Colorado Fuel was up 5. Outside of the tractions the active list failed to recover to the best prices. The market yielded before noon except for an advance of 3½ in Amalgamated Copper.

Bonds were irregular.

MRS. FOSTER IS PRESIDENT

MEETING AT ALLEN COUNTY ORPHANS' HOME.

Stockholders Hear Annual Reports—Home in Fine Condition—Directors Are Chosen.

The annual meeting of the stockholders of the Allen County Orphans' home was held at the home Tuesday. The election of five trustees to serve for the ensuing three years resulted in the election of Mrs. T. E. Ellison, Mrs. M. B. Fisher, Mrs. J. C. Woodworth, J. D. Bond and E. A. K. Hackett. W. E. Mossman was elected to fill the unexpired term of Leopold Freiburger, resigned.

The reports of the officers and various committees of the association upon the past year's work showed a healthy and satisfactory improvement in all departments of the home and offer material encouragement to the association and its friends for its continued success and usefulness.

The report of Mrs. Ida Overmeyer, the matron, showed that the monthly number of inmates of the home during the year averaged forty-seven; that thirty children had been received into the home during the year and good homes found for fourteen and that there had been but one death.

The report of the secretary, E. J. Woodworth, was as follows:

—Receipts.—

Cash on hand March 31, 1900	$ 194 99
Receipts from all sources.	4,520 53
Total	$4,715.52

—Disbursements.—

To orders issued, Nos. 270 to 314 inclusive	$4,423 77
Balance cash on hand March 31, 1901	$ 391 64

J. D. Bond, treasurer of the association, rendered the following statement of finances for the fiscal year ending March 31, 1901:

—Receipts.

Cash in treasury March 31 1900	$ 194 99
Received from secretary March 31, 1900 to March 31, 1901	4,520 53
Total	$4,715 52

—Disbursements.—

Paid out on orders drawn by the president and secretary	$4,423 66
Cash in treasury March 31, 1901	391 64
Total	$4,715 52

The proceeds derived from the charity ball and the sale of handkerchiefs and fancy goods at Thanksgiving time were applied in the payment of indebtedness contracted in building the new addition to the home and general improvements and repairs. Through the generous cooperation and support of the public in these special undertakings and the careful management of the committee having them in charge the monies derived from these sources have sufficed to substantially reduce the indebtedness of the association and greatly lighten its burdens.

After the meeting of the stockholders the board of trustees met and organized by the election of the following officers:

President—Mrs. Samuel M. Foster.
Vice President—Mrs. J. C. Peters.
Treasurer—J. D. Bond.
Secretary—E. J. Woodworth.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

ENGINEER INJURED

L. M. PFEIFFER STRUCK BY SOME MISSILE.

SUPT. HUNTER RE-ELECTED

AGAIN PLACED ON THE C., R. & F. W. DIRECTORATE.

THE R. H. MYTON FUNERAL

BROTHERHOOD MEN TURN OUT IN A BODY.

Engineer Louis M. Pfeiffer, of the Pennsylvania, was severely injured at 3 o'clock this morning in a manner that has up to the present moment been a most perplexing mystery. He was at the throttle of an engine pulling a freight train, when something struck him above and to the side of the left eye, knocking him from the seat. The blow was terrific, but whence it came neither Mr. Pfeiffer nor his fireman are unable to say. It left the engineer in a dazed condition and entirely unable to continue his trip, so he was relieved and brought to this city on No. 6. Dr. W. E. Stemen met Mr. Pfeiffer at the depot and had him taken to St. Joseph hospital, where a thorough examination into the injury is being made this afternoon. Owing to the swollen condition of the man's face and his weakened state, Dr. Stemen was able to make only a slight examination this morning. He said the patient is still dazed and hardly able to talk, but the general indications do not point to any very serious injury. There is no concussion of the brain, though there might be a fracture of the frontal bone, from which no lasting injury could arise. Various theories concerning the accident are advanced, included being a stone or some other missile thrown by the drivers or by human hands. Nothing was found in the cab to suggest this theory, however.

THE MYTON FUNERAL.

Between sixty-five and seventy members of the local lodge of the Brotherhood of Railway Trainmen, accompanied by Wayne Tent band, went down to Monroeville at noon today to attend the funeral of the late R. H. Myton, whose tragic death was published in the city papers a few days ago. The men all wore the regalia of their order and no doubt presented an imposing appearance in the funeral procession. The Pennsylvania company furnished an extra coach for the accommodation of the brotherhood.

MR. HUNTER RE-ELECTED.

A special telegram from Richmond conveyed to The Sentinel at noon today the information that Superintendent James W. Hunter, of the Grand Rapids and Indiana road, had been re-elected a director of the Cincinnati, Richmond and Fort Wayne Railroad company. The stockholders of the road held a meeting in that city this morning. Mr. Hunter was placed on the directorate for the first time last year and his re-election may be taken as a testimonial of excellence in the management of the divisions over which he presides.

LITTLE BOY INJURED.

At 6:30 o'clock this morning an extra freight train on the Grand Rapids and Indiana road struck and badly injured Alfred Meyers, a three-year-old boy, at Berne, Ind. The little fellow was playing on the tracks and did not heed the engineer's warning whistle. The pilot picked the lad up and threw him aside; otherwise he would most surely have been killed outright. The parents of the unfortunate boy reside in a house near the scene of the accident.

THE TEACHERS' SPECIAL TRAIN.

A special train, with eighty Fort Wayne and Allen county teachers aboard, left over the Wabash at 9 o'clock this morning for Anderson, where the Northern Indiana Teachers' association will hold a three days' institute. The train took on a number of other teachers at all stations between this city and Wabash and went into the latter place pretty well loaded. The train was in charge of Conductor Sterling and Engineer Melville. A number of the teachers from this city left for Anderson yesterday morning, going over the Lake Erie and Western road.

OFFICIALS RETURN HOME.

Vice President Joseph Woods, who was attending the annual meeting of the Grand Rapids and Indiana company at Grand Rapids yesterday, passed through the city again last night, en route to Pittsburg. His private car was attached to train No. 8. General Manager G. L. Potter, who came in on the Wabash train at 5:40 o'clock last evening, also left the city in his private car last night, on train 24. Mr. Potter paid the shops a visit last evening and discussed matters pertaining thereto with Master Mechanic B. Fitzpatrick and his staff.

MARRIED QUIETLY.

Miss Lillie Richards and Mr. Earl Jeffries, who are employed in Councilman J. J. Bauer's department of the electric works, were married yesterday afternoon at Van Wert, Ohio. The wedding was a quiet affair and a great surprise to the relatives and friends of the bride and groom. At the noon hour Miss Richards and Mr. Jeffries asked and obtained permission to be absent from the works during the afternoon. They immediately repaired to the Pennsylvania station and boarded train 22 for Van Wert, where the marriage ceremony was performed. They returned here on the Crestline accommodation train at 7:30 o'clock and went to the home of the groom's parents, Mr. and Mrs. William T. Jeffries, of 105 Baker street, where they will probably remain until they are ready to go to housekeeping. The bride is seventeen years old and the daughter of S. W. Richards, the night watchman at the electric works. That gentleman was opposed to the marriage because he considered his daughter too young to be married. Nothing remains now but forgiveness and his blessing, which no doubt Mr. Richards has already granted. The marriage has created quite a stir among the young people at the works, all of whom are ready to shower congratulations upon the bride and groom as soon as the opportunity occurs. Mr. Jeffries is a most estimable and industrious young man. Mr. Bauer says, and he predicts a prosperous and happy future for the couple.

INDUSTRIAL NOTES.

Nickel Plate Fireman Deavans is sick and off duty.

Engineer George Quidor, of the Nickel Plate, is sick and off duty.

William Driftmeyer went to Peru this morning on business for the Fort Wayne Electric company.

Tomorrow Rhinesmith & Simonson and the Anthony Wayne Manufacturing company will pay their employes for services rendered in March.

Conductor Bert Coudry, of the Nickel Plate, is on duty again after a brief absence on account of private business.

Joseph Weyer, son of Tinner Ben Weyer, of the Pittsburg shops, has gone to Delphos to spend Easter Sunday with relatives.

The Nickel Plate will open the excursion season next Wednesday with a Methodist church excursion from Bellevue to Cleveland.

Fireman C. H. Moore, of the Pittsburg, will accompany his wife to Columbia City Saturday to spend Easter Sunday with relatives.

Conductor G. M. Sauer, of the Nickel Plate, is taking a lay off to attend to some private business. Brakeman J. C. Miller is also off duty for private business.

Capt. Otto C. Meyer has recovered from an attack of the grip and this morning he resumed his place at the desk in Shop Clerk Hobrock's office at the Pittsburg shops.

F. W. Cox, who on April 1 retired as general machinery inspector of the Baltimore and Ohio lines, goes to Milwaukee as superintendent of the Milwaukee Electric company.

D. C. Rowan, a yard brakeman in the east yards of the Pittsburg, is off duty with a lame foot, the result of an accident Tuesday night. The foot was bruised, but not seriously.

Brakeman F. H. Wolf, who was sick a week, and Brakeman H. E. Baum, who was visiting at Fort Seneca, Ohio, have reported for work on the Nickel Plate after a week or ten days' absence.

Pittsburg Engineer Harry Westerman is off duty on account of the serious illness of one of his children. Fireman D. L. Mason is sick and Fireman George Burchard is attending a funeral.

M. W. Emrick, F. J. Ruch, William Vachon and H. Walsh are sick and C. J. Lens, C. Duehrman and Fred Glusenkant are off duty on account of private business. They are Pittsburg shopmen.

James Hartnett, storekeeper at the Wabash shops, and the grip are having a catch-as-catch-can wrestling match and during its progress Mr. Hartnett has turned the store room over to E. B. Rubinson.

Herman Brandt, yard foreman for Rhinesmith & Simonson, is suffering from an attack of the grip and is unable to leave his home. This is the first illness Mr. Brandt has experienced in many years.

Engine 3 has left the Stony Island shops, where she received general repairs. She will go into freight service between this city and Bellevue, with Engineer M. T. Ocker and Fireman F. B. Haughawout in the cab.

Edward Raschig, chief clerk in the general superintendent's office of the American Express company, is in a poor physical way and has been given a three months' leave of absence, with full pay, in which to recuperate his health.

J. A. Kuhn, for some years past general agent of the Chicago and Northwestern at Minneapolis, will on Monday take the position of general freight agent of the Fremont, Elkhorn and Missouri Valley road and of the Sioux City and Pacific.

Under the rule of the Central Passenger association no road can maintain an independent ticket office in a city that its line does not enter, and that is the reason the Toledo, St. Louis and Western has been asked to close its office in Cleveland.

Mrs. James Harvey, of Detroit, who had been visiting her brother, Engineer Henry Jones, of the Pittsburg, returned to her home today. It was forty-three years ago that the lady last saw Fort Wayne before her recent visit and she was unable to recognize any part of the city.

Articles of incorporation for the Pittsburg, Toledo and Western railroad company were filed with the Ohio state secretary at Columbus yesterday. The road will extend from Mingo Junction to Toledo and will have headquarters in Toledo.

J. H. Kelker, a truckman at the Pittsburg freight house, is sick.

President John K. Cowen, of the Baltimore and Ohio, and President E. B. Thomas, of the Erie, say it is not true that F. D. Underwood is to resign his position with the former road to become president of the Erie. No higher authority for the denial can be given and this effectually settles that disputed question.

The lady's gold watch, picked up at the Pittsburg depot a few days ago by a brakeman, still remains in Station Master Clark's possession, awaiting an owner. Undoubtedly some person getting on or off of train 21 dropped the timepiece, but inquiry among the passengers on the train failed to reveal the owner.

Frank Aiken, chief of the local weighing and inspection bureau, has reconsidered his determination to bring his family here to reside, circumstances having developed which make such a move impossible at present. Mrs. Aiken and the children will continue to reside in Chicago until the close of the present year at least.

Frank B. Keplinger, of Chicago, is the guest of his sister, Mrs. Harry Gardner, and brother, Engineer J. A. Keplinger. Mr. Keplinger is a conductor on the Chicago-Detroit branch of the Wabash and is incapacitated for duty. Four weeks ago he sustained a broken arm and numerous bruises and cuts in an accident and has not yet recovered from the injuries.

SPRING BILE.

This is the time of year when everybody needs a house cleaning. The cold weather, the lack of outdoor life and exercise clogs the liver and bowels and the whole system becomes stagnant.

Smith's Green Mountain Renovator is the best remedy to renovate and cleanse the blood, clear out all the bad and impure matter which has collected in the body, and give a tone to the nerves, muscles and tissues.

The RENOVATOR is pleasant to take, quick and sure to operate. Coming from the Green Mountains of Vermont, it is made from the purest, most powerful herbs known to medical science. Don't fill your system with dangerous drugs and stimulants, but take nature's own remedy.

We absolutely guarantee benefit from its use and urge you to take the RENOVATOR without delay and obtain the strength and health which may be yours for the asking.

IT IS IMPORTANT.

To Know What You Are Taking When Using Catarrh Medicines.

Catarrh is the short route to consumption, and the importance of early and judicious treatment of catarrh, whether located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, ointments, and salves to powders, fluids and tablets.

The tablet form is undoubtedly the most convenient and most effective, but with nearly all advertised catarrh remedies, it is almost entirely a matter of guess work as to what you are taking into your system, as the proprietors, while making all sorts of claims as to what their medicines will do, always keep it a close secret as to what they are.

The success and popularity of the new catarrh cure, Stuart's Catarrh Tablets, is largely because it not only cures catarrh, but because catarrh sufferers who used these tablets know what they are taking into their systems. Stuart's Catarrh Tablets being composed of Eucolyptol, Hydrastin, Guaicol and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the mucous lining of the throat, nasal passages and whole respiratory tract.

The cures that Stuart's Catarrh Tablets have accomplished in old chronic cases of catarrh are little short of remarkable, and the advantage of knowing what you are putting into your stomach is of paramount importance when it is remembered that the cocaine or morphine habit has been frequently contracted as the result of using secret catarrh remedies.

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the general public to use and their composition makes them a common sense cure for all forms of catarrhal troubles.

All druggists sell them at 50 cents for full sized packages.

MAKING RECORDS AT HOME.

The peculiar interest that attaches to photographs that have been taken by yourself, as compared with purchased pictures, attaches, also, to the graphophone records made in your own home as compared with those that are made by professionals. It is easy to achieve good results from the start and your records will improve with practice—the same as in learning to make photographs, or to do anything else in which practice leads to skill. To possess photographs, books, and all the long list of reminders of happy days and tender associations is delightful; but no souvenirs can compare with a cabinet filled with graphophone records from which you can reproduce the voices of your family and companions, the songs of your musical friends and, above all, the records on which are imprisoned, for reproduction at any moment, the vocal achievements of the little ones whose presence in the household is like a ray of sunshine on a darkened day. These budding men and women, alas! do not always develop into the perfect flower, and no reminder of them, when they are gone, is so vivid as a means through which they may speak to us again.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

BE READY

FOR THE GREAT EVENT IN CYCLING CIRCLES.

KOHLINGER & BAUR'S OPENING WILL TAKE PLACE SATURDAY.

The formal opening of the bicycle season in Fort Wayne will occur Saturday, when the firm of Kohlinger & Baur, the square dealers, of 31 East Columbia street, invites the public to call and examine its superb line of wheels and sporting goods. The event will eclipse anything of the kind ever held here and a half hour of pleasure is in store for all those who attend. Souvenirs and badges will be distributed among the guests and there will be music throughout the day. But more important than these things, perhaps, is the opportunity of viewing a complete line of sporting goods, such as this firm carries. Kohlinger & Baur have long been the acknowledged leaders of the retail bicycle trade in Fort Wayne and they expect to add materially to their reputation this year. They carry the largest stock and very best makes of bicycles, sporting goods, fishing tackle, etc., in the city, and if you cannot get it at the Kohlinger & Baur store it is not to be found in the city. On the day of their opening the whole of their immense line of goods will be on display, included in it being the following makes of wheels: National, Stearns, Cleveland, Imperial, Regal and Crescent. The 1901 models of these wheels will be worth seeing. Mr. Henry Kohlinger has returned from the east and brought back with him an entirely new line of guns and fishing tackle.
